ICONNECT PLUS / CACHE DIGITECH

CRM Module User Manual

End-to-end deal walkthrough from company and lead through BOQ, quote, PO, OVF, and Won

Admins | Sales and pre-sales members | Full module reference

Product	iConnect Plus ERP
Module	CRM (Customer Relationship Management)
Document	User Manual v1.0
Audience	Module admins and assigned members
Demo deal	Walkthrough Demo Systems Pvt Ltd
Date	17 October 2026

Part A follows one continuous demo deal. Part B lists all sidebar panes.

Table of contents

1. Who this manual is for and access
2. End-to-end process overview
3. Part A - Process walkthrough (steps 01–31)
4. Part B - Sidebar reference (24 panes)
5. Roles and responsibilities
6. Demo assets and rebuild

Who this manual is for and access

This manual is for **CRM module admins** and **assigned members** (sales, pre-sales, and approvers who receive My Jobs tasks).

> Sign in with **Microsoft Entra SSO**. Passwords are not stored in iConnect Plus for Entra users. If CRM is missing from your module hub, ask an admin to assign you on CRM - Users.

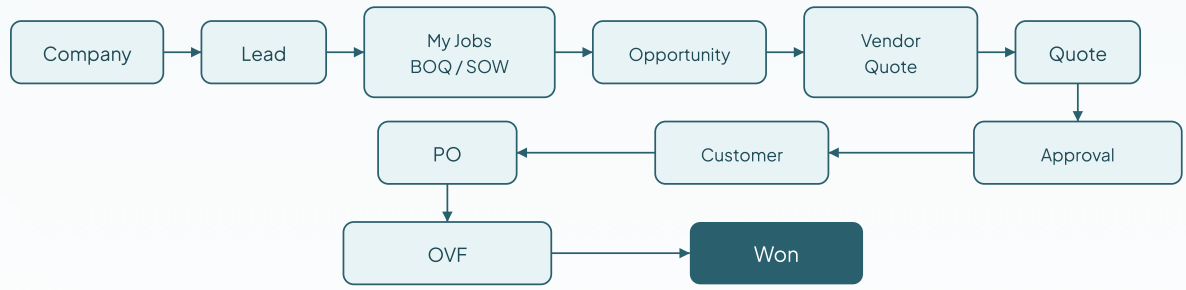

1. Open iConnect Plus and complete Entra sign-in.
2. Open the CRM module from the ERP module hub.
3. Use the left sidebar to move between panes. Collapse the sidebar when you need more table space.
4. Work owned tasks from **My Jobs** first each day.

> Business rule: create a **Company** account before you create a **Lead**. Attaching BOQ and SOW in My Jobs drives conversion to an **Opportunity**.

End-to-end process overview

Part A walks one deal from account setup to Won. The flow below matches the step order in the screenshots.

End-to-end CRM deal flow (demo walkthrough)

Single story: Walkthrough Demo Systems Pvt Ltd - Walkthrough Demo - Campus WiFi FY26
My Jobs carries BOQ submit, quote approval, and PO approval tasks

Part A - Process walkthrough

Follow these steps in order. Use the demo company and project names below so your captures match this manual.

- **Company:** Walkthrough Demo Systems Pvt Ltd (`COMP-111`)
- **Project / deal title:** Walkthrough Demo - Campus WiFi FY26
- **Contact:** Ms. Ananya Verma (IT Head)
- **Deal reference:** DR-2026-8 · Quote DR-2026-8/Q1 · OVF DR-2026-8/OVF1 · PO WDS-PO-FY26-001

- **Won amount:** ₹4,50,155 (23.33% quote margin)

Sample PDFs for attachments live in `assets/demo-files/` (demo-boq.pdf, demo-sow.pdf, demo-oem-quote.pdf, demo-customer-po.pdf).

Step 01 – Company list

Open **Company**. Create the end-customer account before any lead. Demo code `COMP-111` is **Walkthrough Demo Systems Pvt Ltd**.

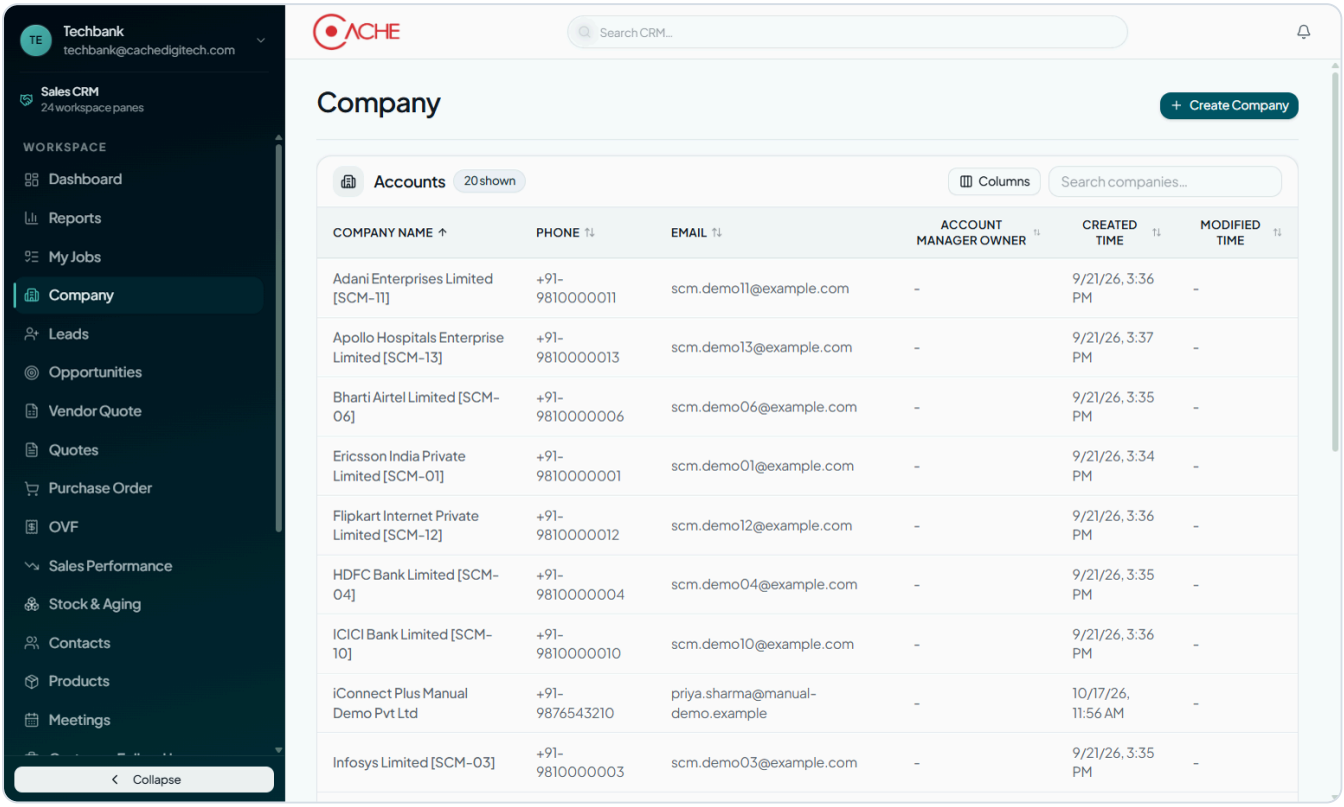

Figure A-01 - Company list at the start of the walkthrough.

Step 02 – Create company form

Fill legal name, GST, address (Pune), and industry. Save the company so leads can link to it.

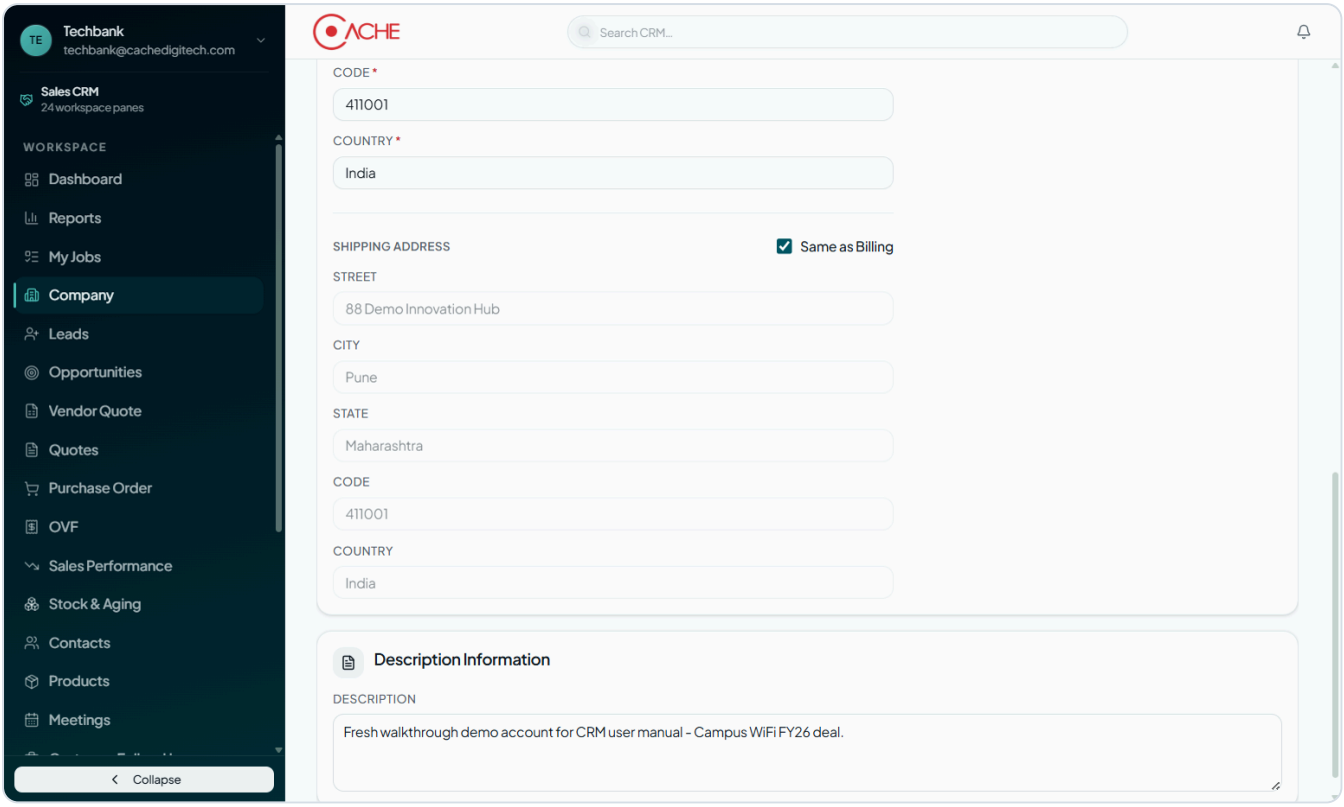

Figure A-02 - New company form for Walkthrough Demo Systems.

Step 03 – Company detail

Confirm the saved company record, contacts, and entity mapping before creating the lead.

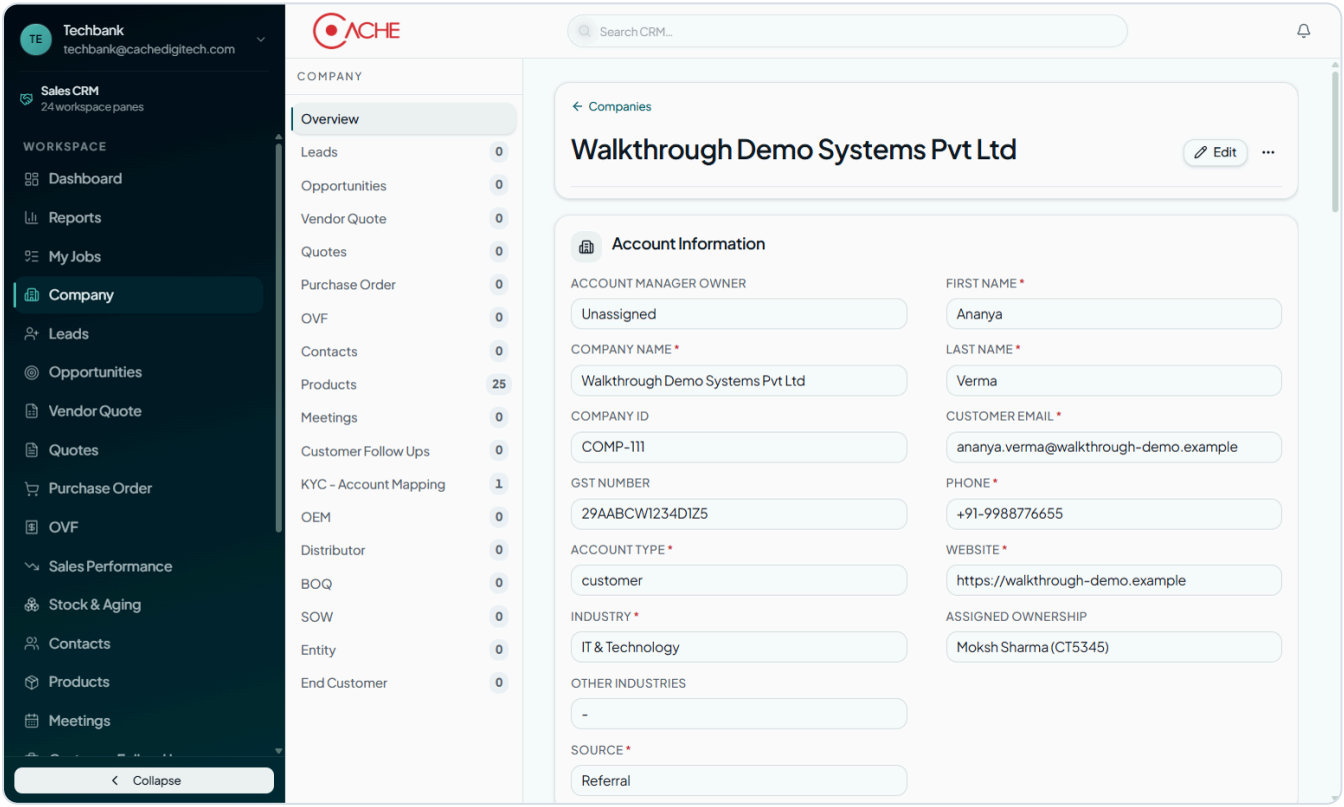

Figure A-03 - Company detail after save.

Step 04 – Create lead form

Create a lead on the company. Set project title **Walkthrough Demo – Campus WiFi FY26**, contact **Ms. Ananya Verma (IT Head)**, expected order value ₹4,50,000, OEM Cisco, and CapEx.

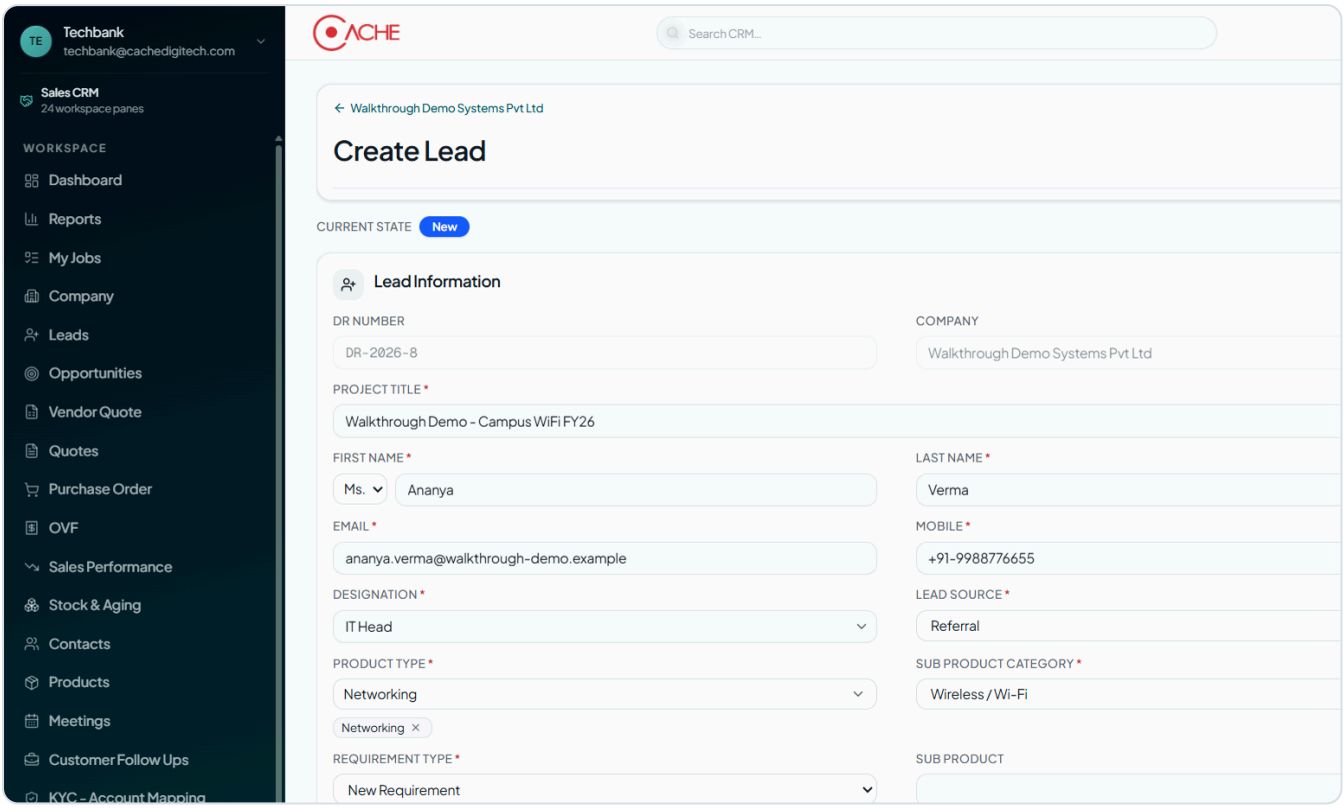

Figure A-04 - Lead creation form for Campus WiFi FY26.

Step 05 – Lead detail

Open lead `DR-2026-8`. Confirm BOQ and SOW are required, then route work through My Jobs.

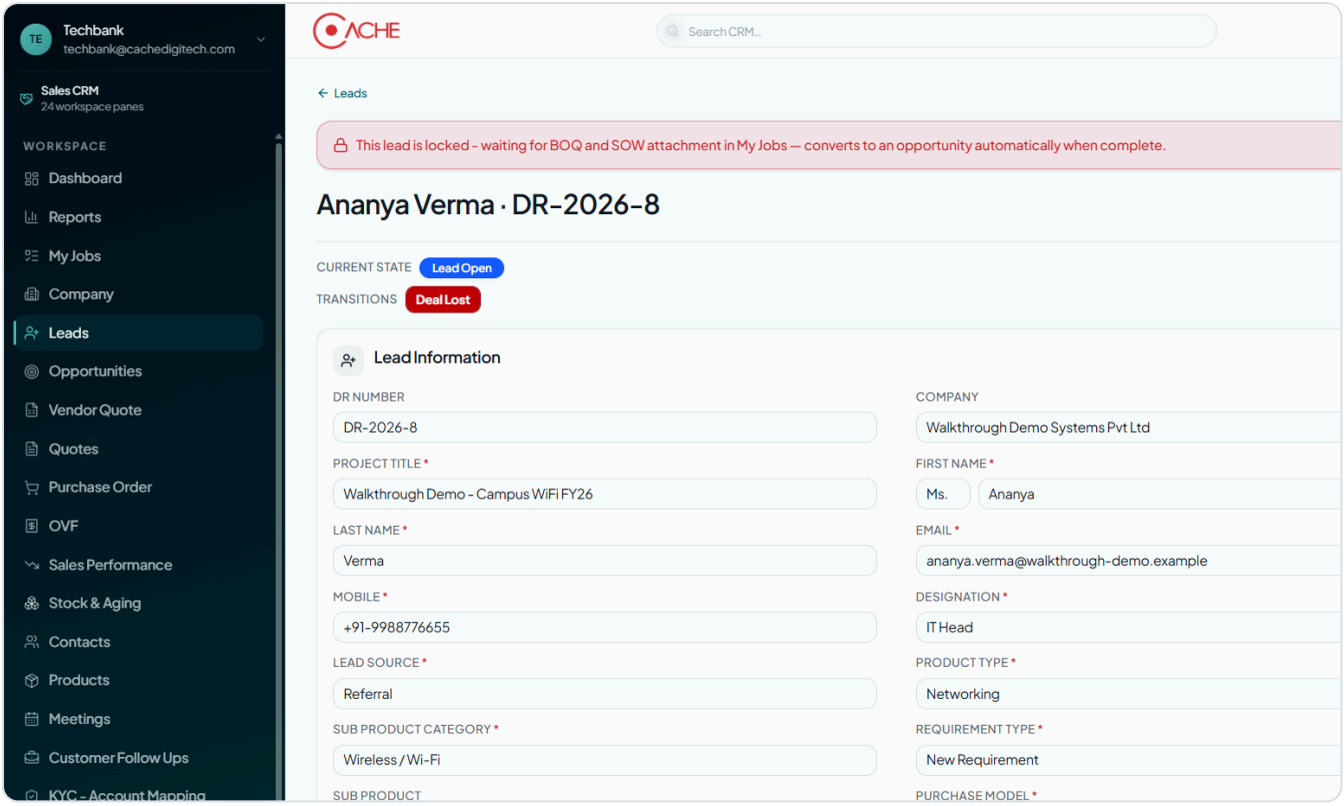

Figure A-05 - Lead detail showing DR-2026-8.

Step 06 – My Jobs – BOQ and SOW

Open **My Jobs**. Complete the BOQ and SOW tasks for this lead by attaching the demo PDFs.

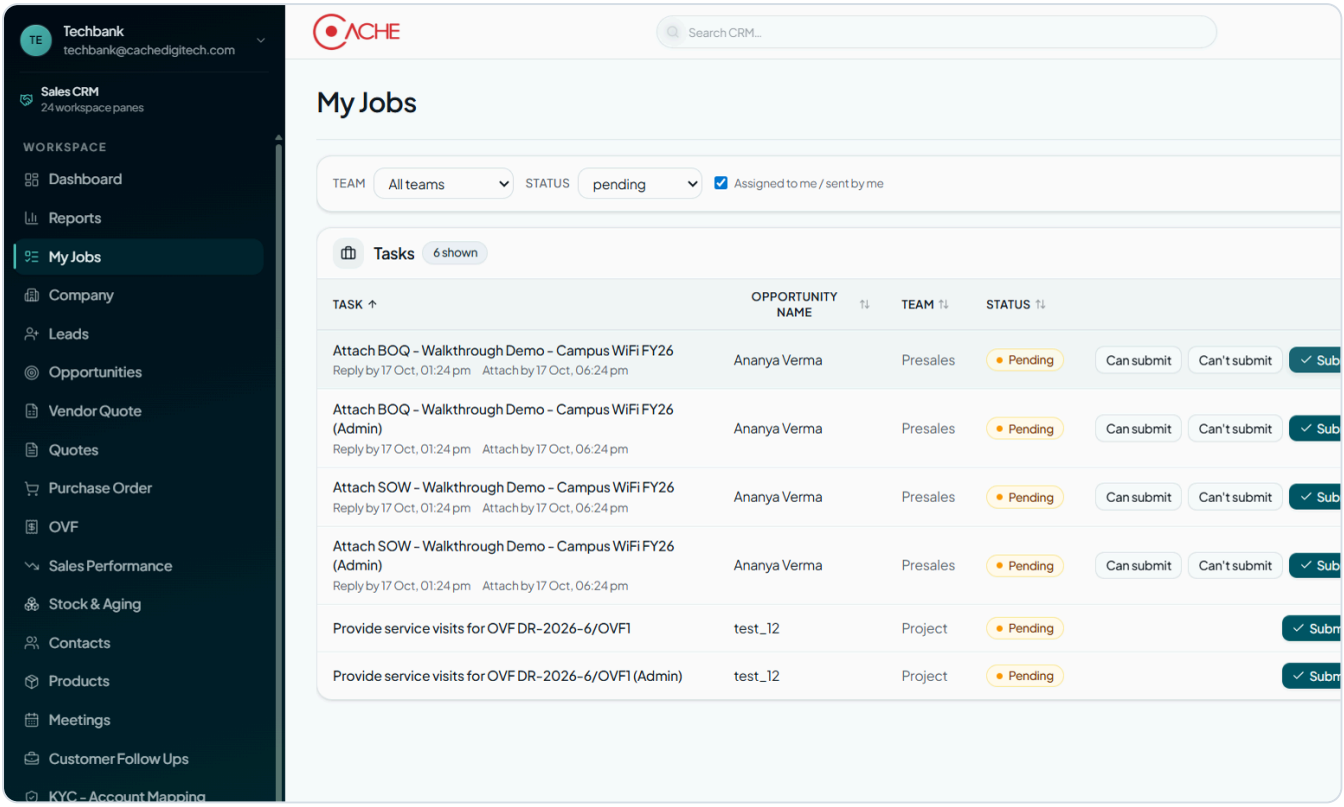

Figure A-06 - My Jobs tasks for BOQ and SOW.

Step 07 – Submit BOQ

Attach `demo-boq.pdf` and submit the BOQ package with a short remark.

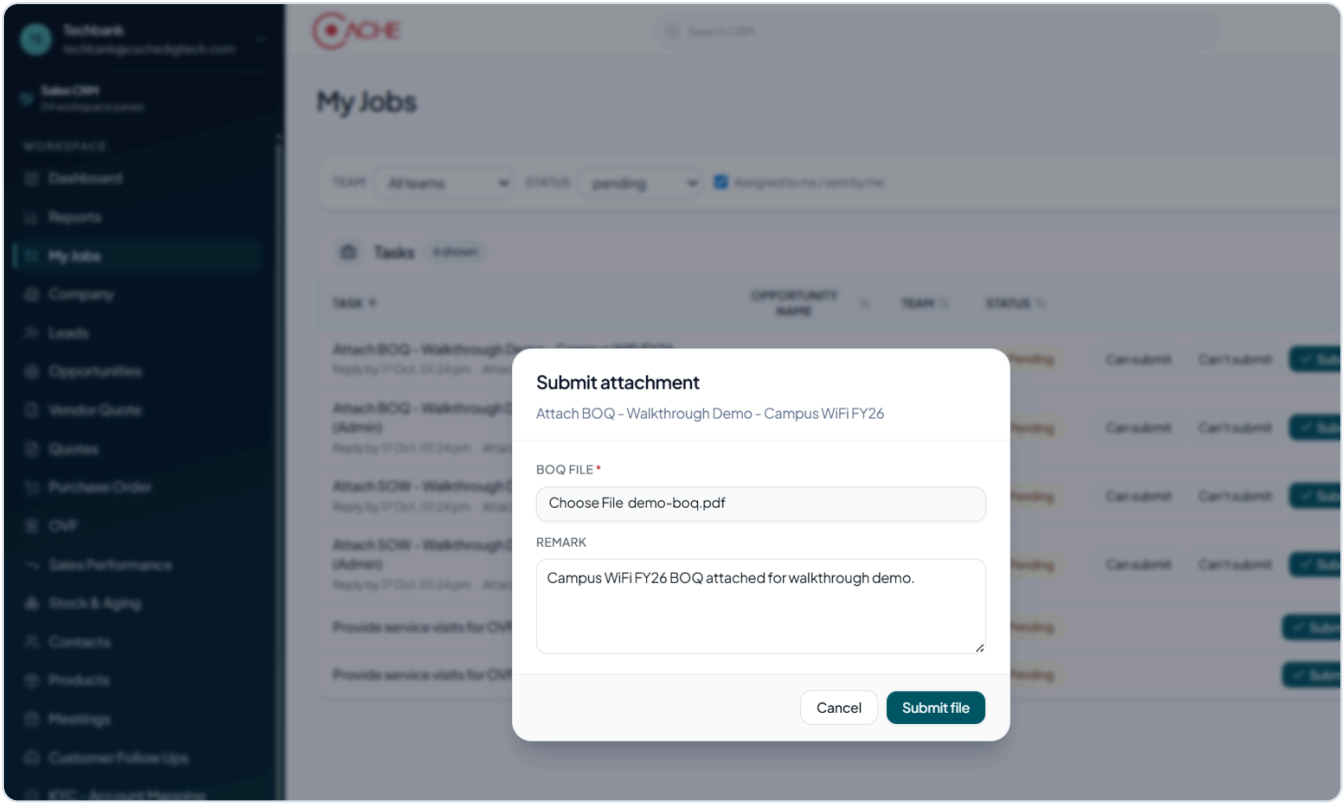

Figure A-07 - Submit BOQ for the walkthrough lead.

Step 08 – Submit SOW

Attach `demo-sow.pdf` and submit the SOW. Both attachments unlock conversion to an opportunity.

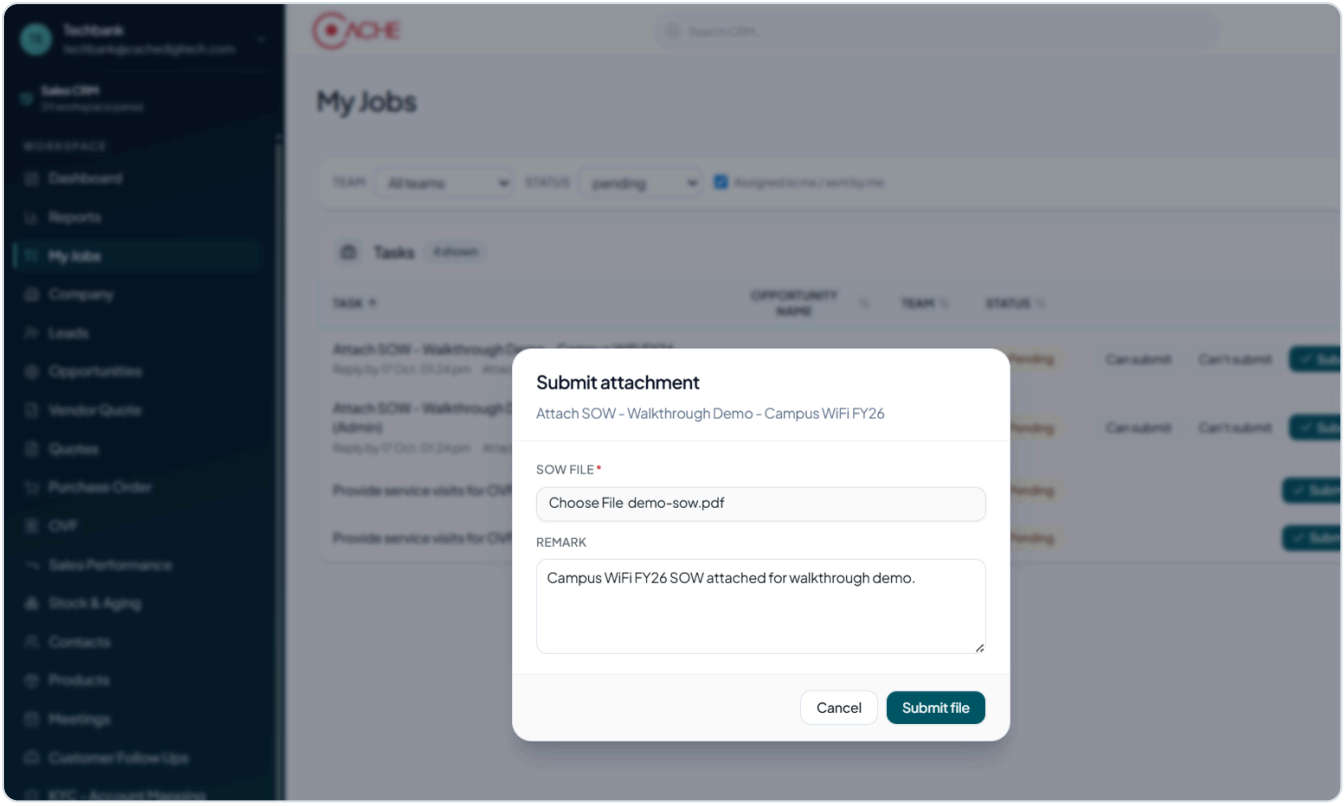

Figure A-08 - Submit SOW for the walkthrough lead.

Step 09 – Opportunities list

Open **Opportunities**. The converted deal appears as **Walkthrough Demo – Campus WiFi FY26** (`DR-2026-8`).

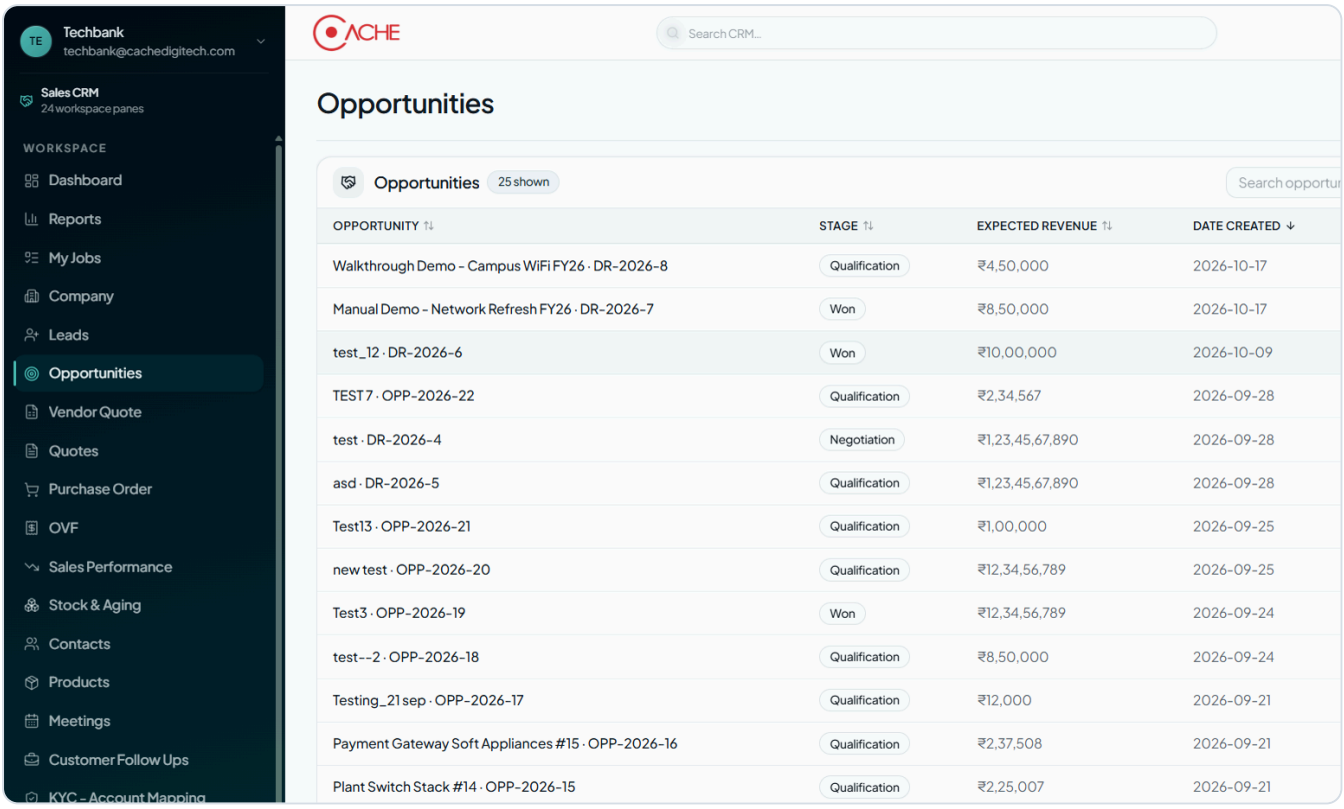

Figure A-09 - Opportunities list after conversion.

Step 10 – Opportunity detail

Open the opportunity. Blueprint actions drive the rest of the path: vendor quote, customer quote, PO, OVF, Won.

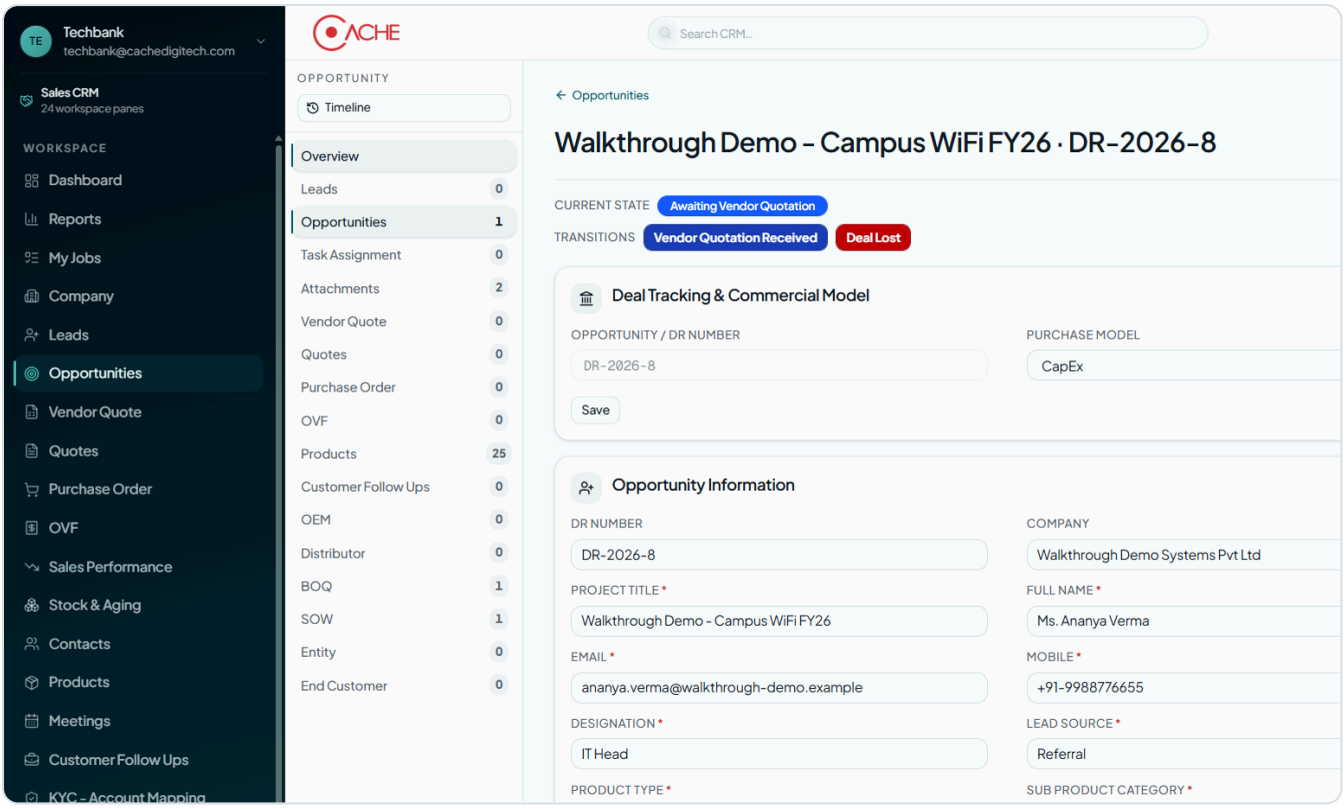

Figure A-10 - Opportunity overview for DR-2026-8.

Step 11 – Attach vendor quote

Choose **Vendor Quotation Received**, then attach `demo-oem-quote.pdf` (OEM Cisco / distributor pricing).

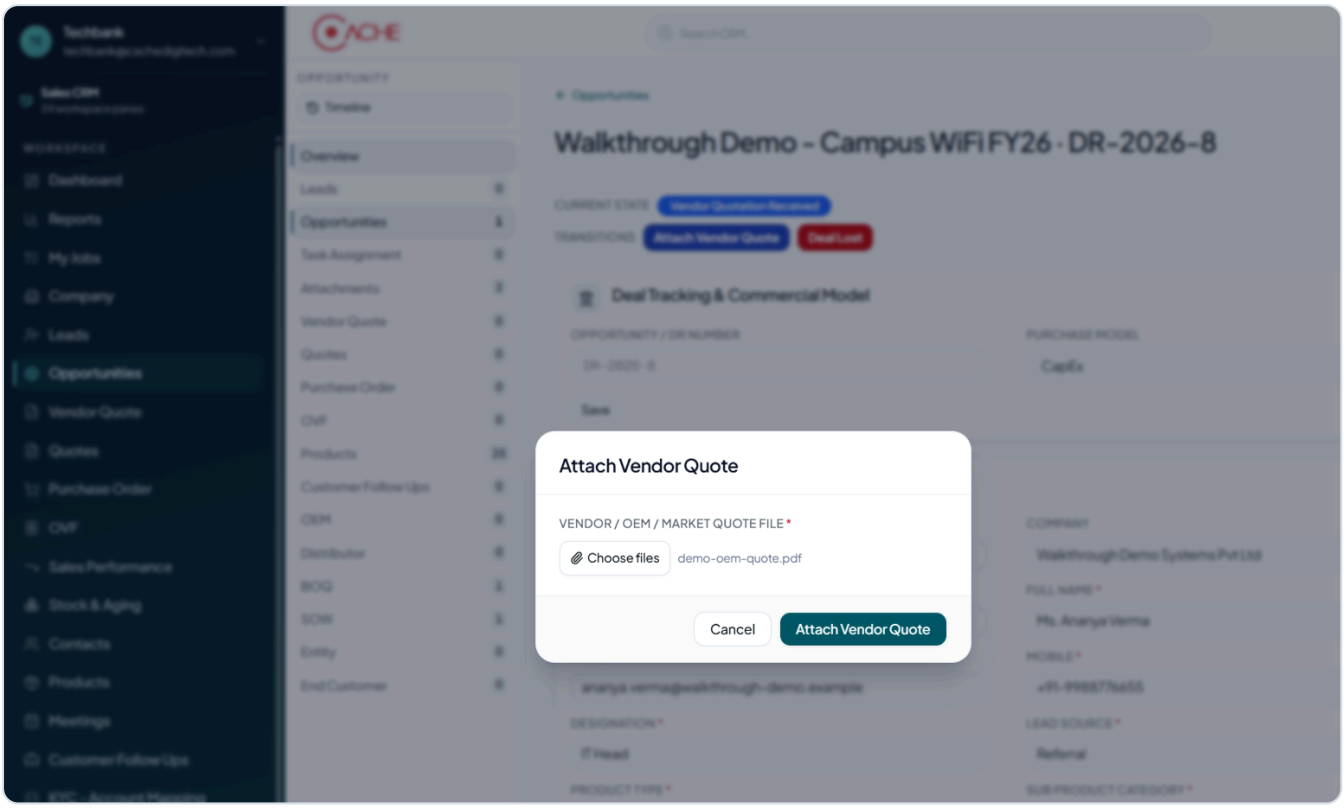

Figure A-11 - Vendor quote attachment on the opportunity.

Step 12 – Create quote form

Choose **Create Quote**. Enter HSN, unit cost, quantity, and margin % so selling price is cost plus markup (demo: 10 x ₹36,500 at 23.33% margin).

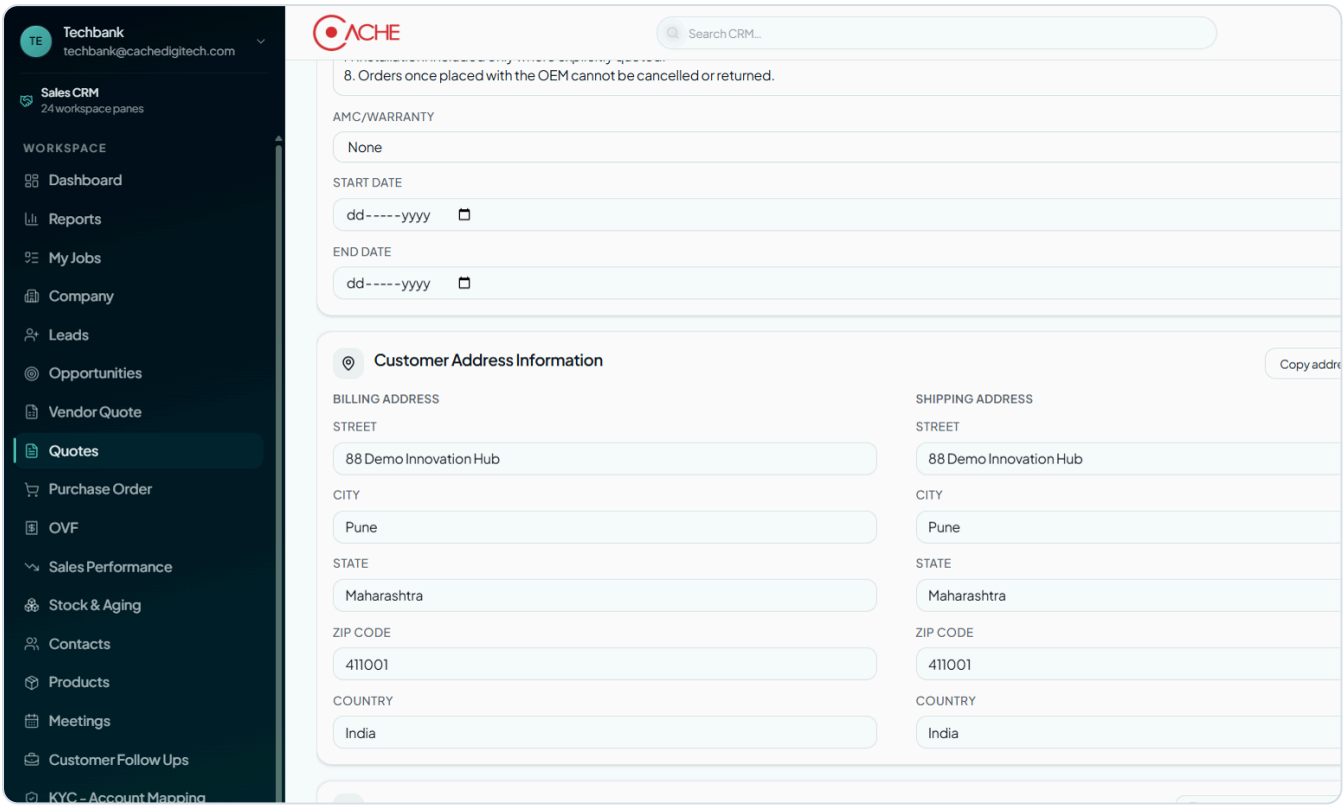

Figure A-12 - Customer quote line entry.

Step 13 – Quote detail

Review quote `DR-2026-8/Q1` totals (₹4,50,155) and attachments before internal approval.

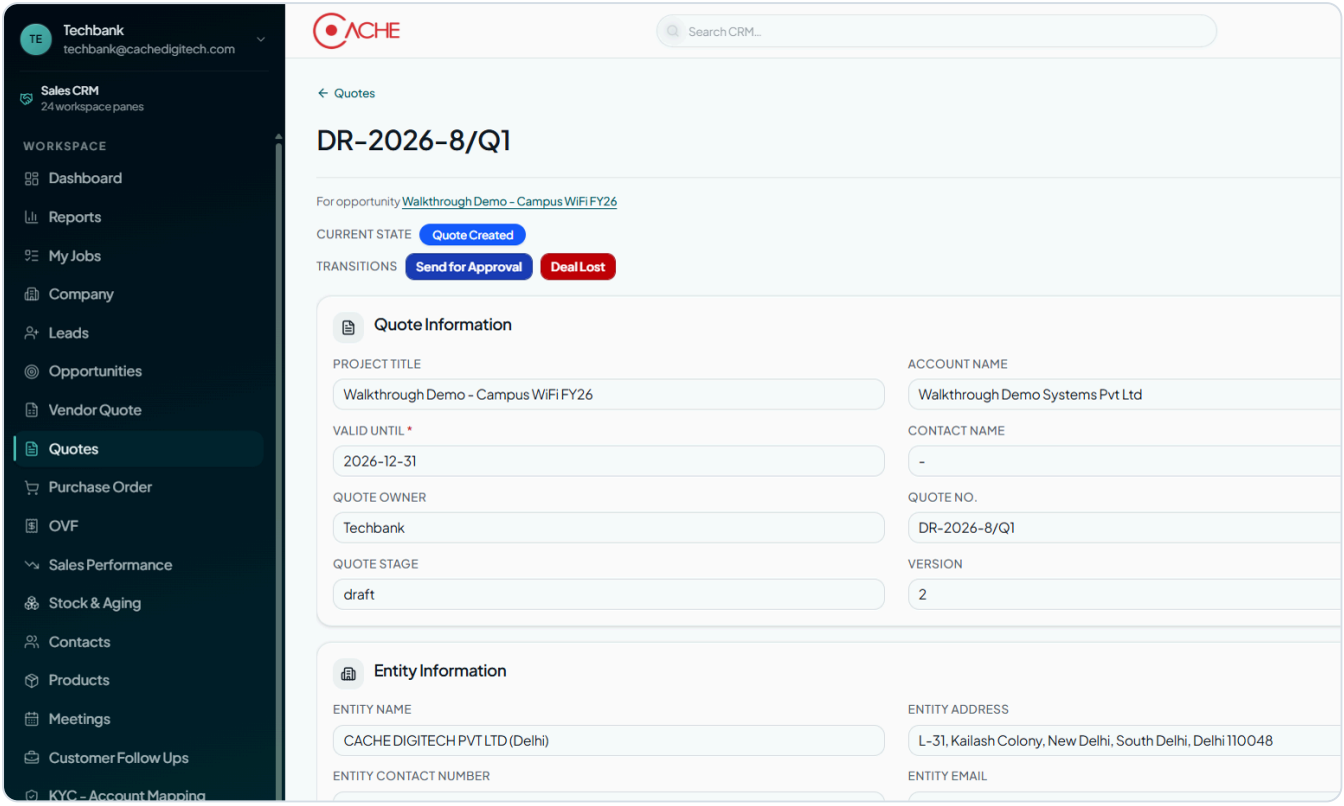

Figure A-13 - Saved quote DR-2026-8/Q1.

Step 14 – Send quote for approval

Click **Send for Approval**. Select an approver (demo: Moksh Sharma) and add a remark.

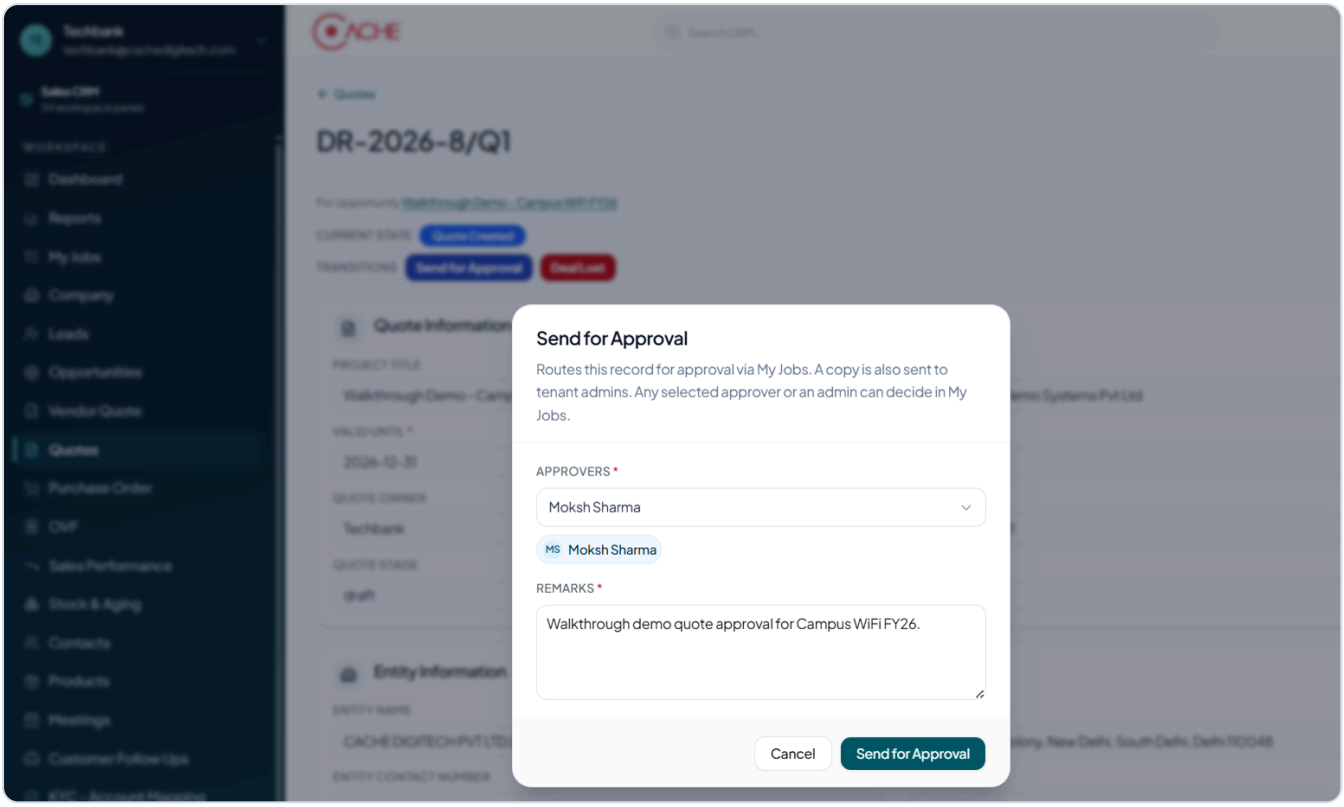

Figure A-14 - Send quote for approval dialog.

Step 15 – Approve quote in My Jobs

Approver opens **My Jobs**, reviews margin, and approves the quote task.

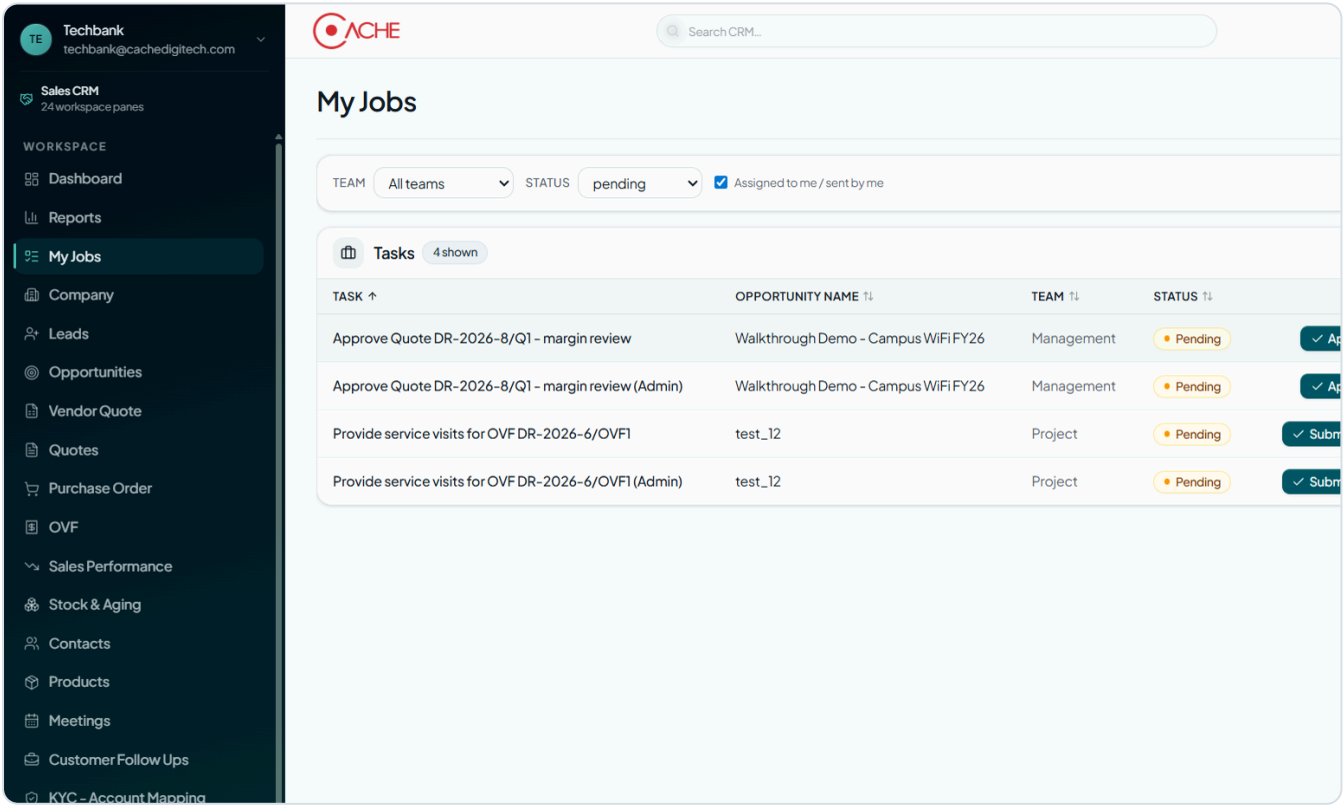

Figure A-15 - Quote approval task in My Jobs.

Step 16 – Quotation sent to customer

After approval, run **Quotation Sent to Customer**. Status moves to Quote Sent.

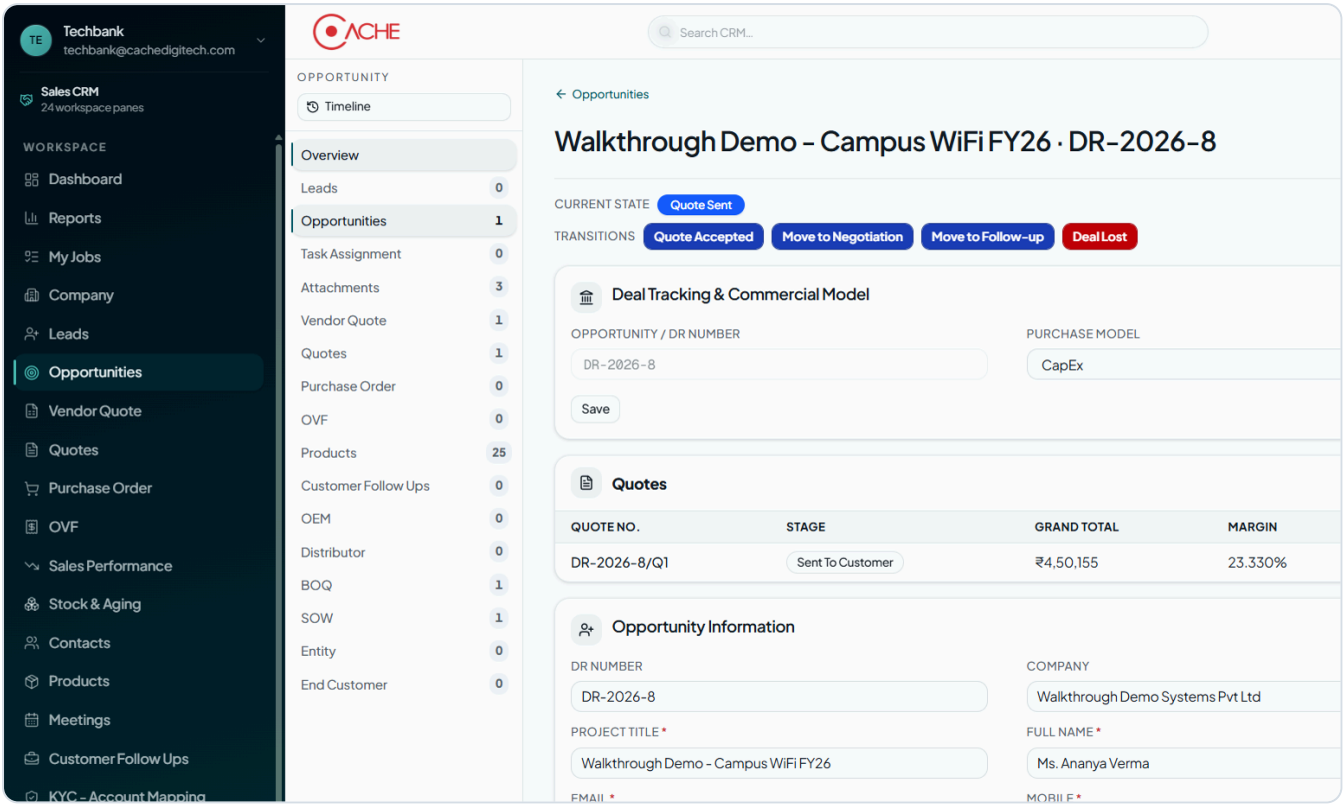

Figure A-16 - Quote marked sent to the customer.

Step 17 – Quote accepted

When the customer accepts, choose **Quote Accepted** and confirm with a remark. Quote stage becomes **accepted**.

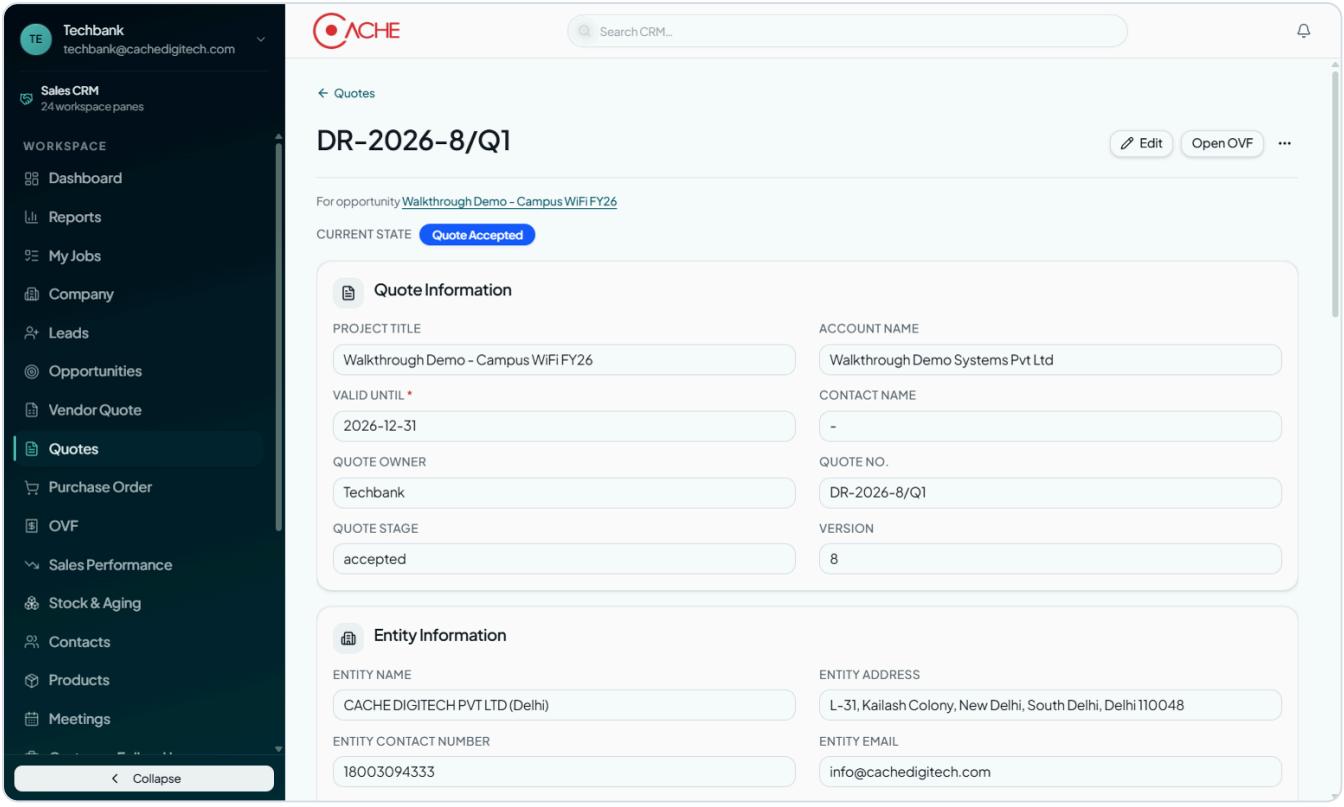

Figure A-17 - Quote DR-2026-8/Q1 in Quote Accepted state.

Step 18 – Attach customer PO

Open opportunity **Attachments** and upload `demo-customer-po.pdf` (or use blueprint **Attach Customer PO**).

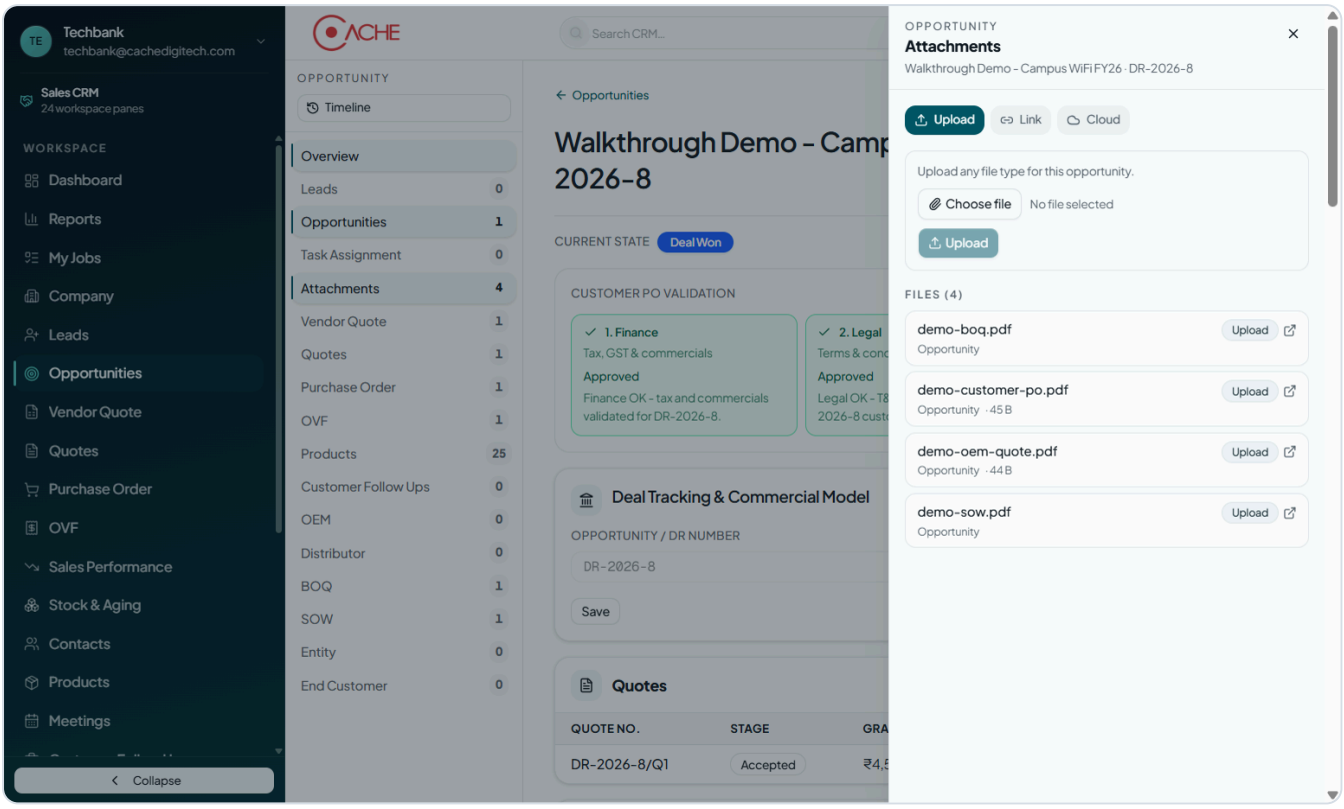

Figure A-18 - Attachments pane with upload and customer PO file.

Step 19 – Customer PO attached

Confirm `demo-customer-po.pdf` appears with type **Customer Po** alongside BOQ, SOW, and OEM quote.

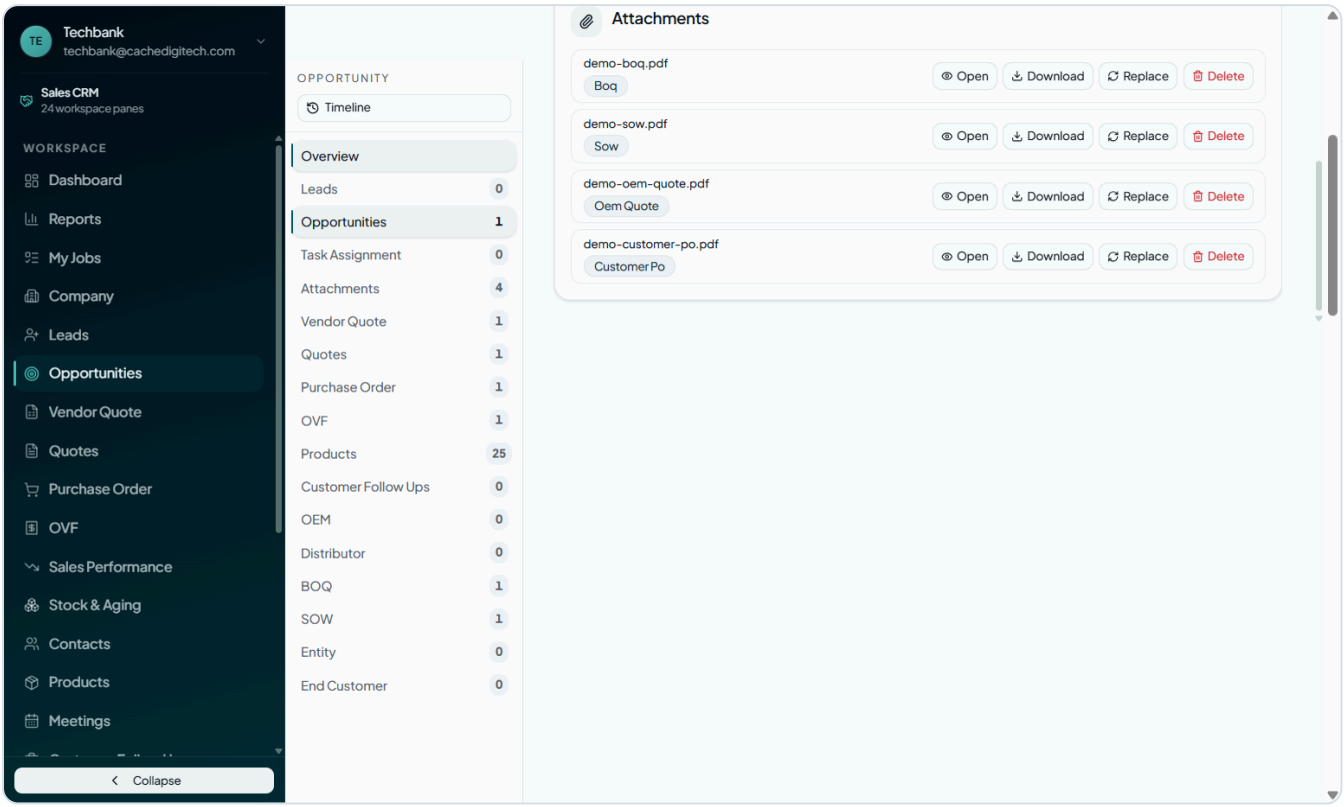

Figure A-19 - Customer PO listed on opportunity attachments.

Step 20 – Customer PO on Purchase Order pane

Open the opportunity **Purchase Order** pane. The customer PO document is linked and enters the Finance → Legal → Management approval chain after **Send PO for Approval**.

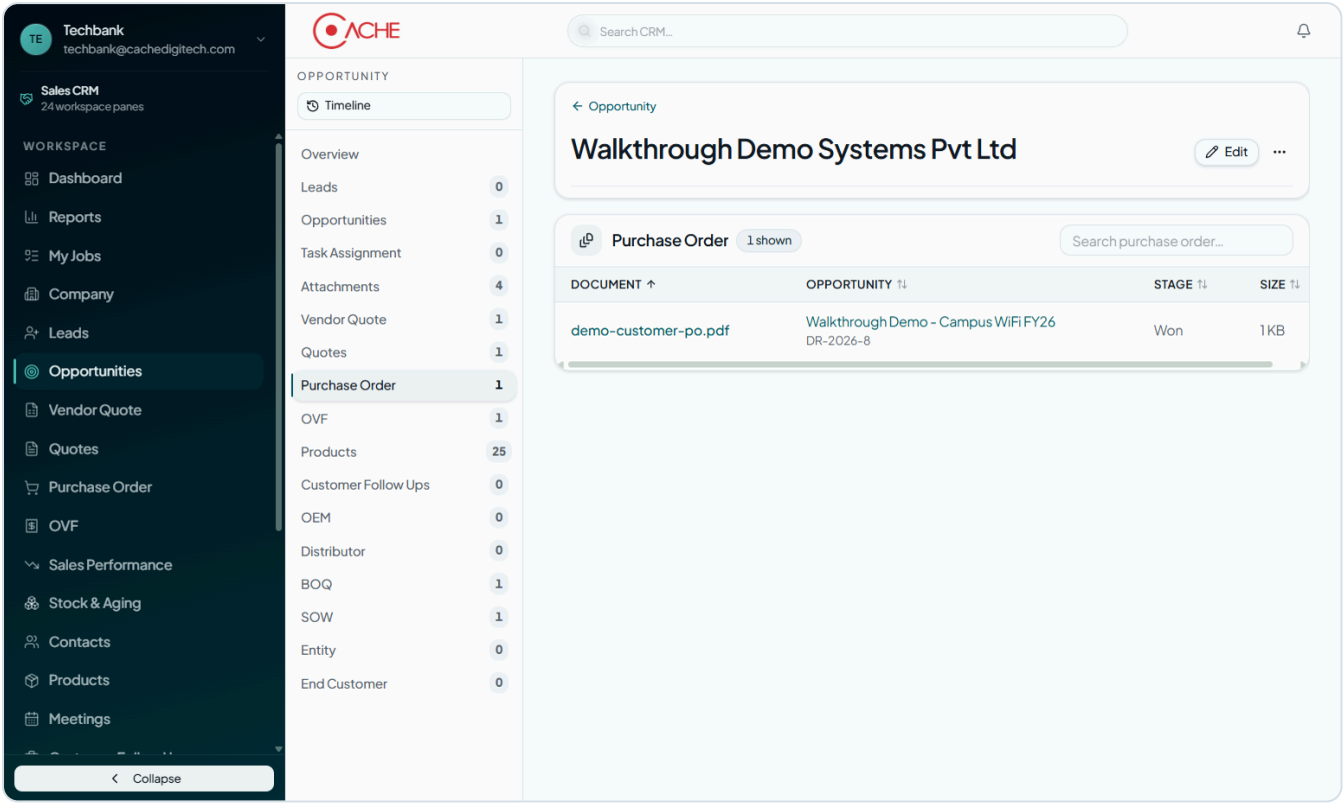

Figure A-20 - Purchase Order pane with demo-customer-po.pdf.

Step 21 – Finance PO validation

In My Jobs, approve **Validate Customer PO (Finance – tax & commercials)**. The opportunity then shows Finance as Approved.

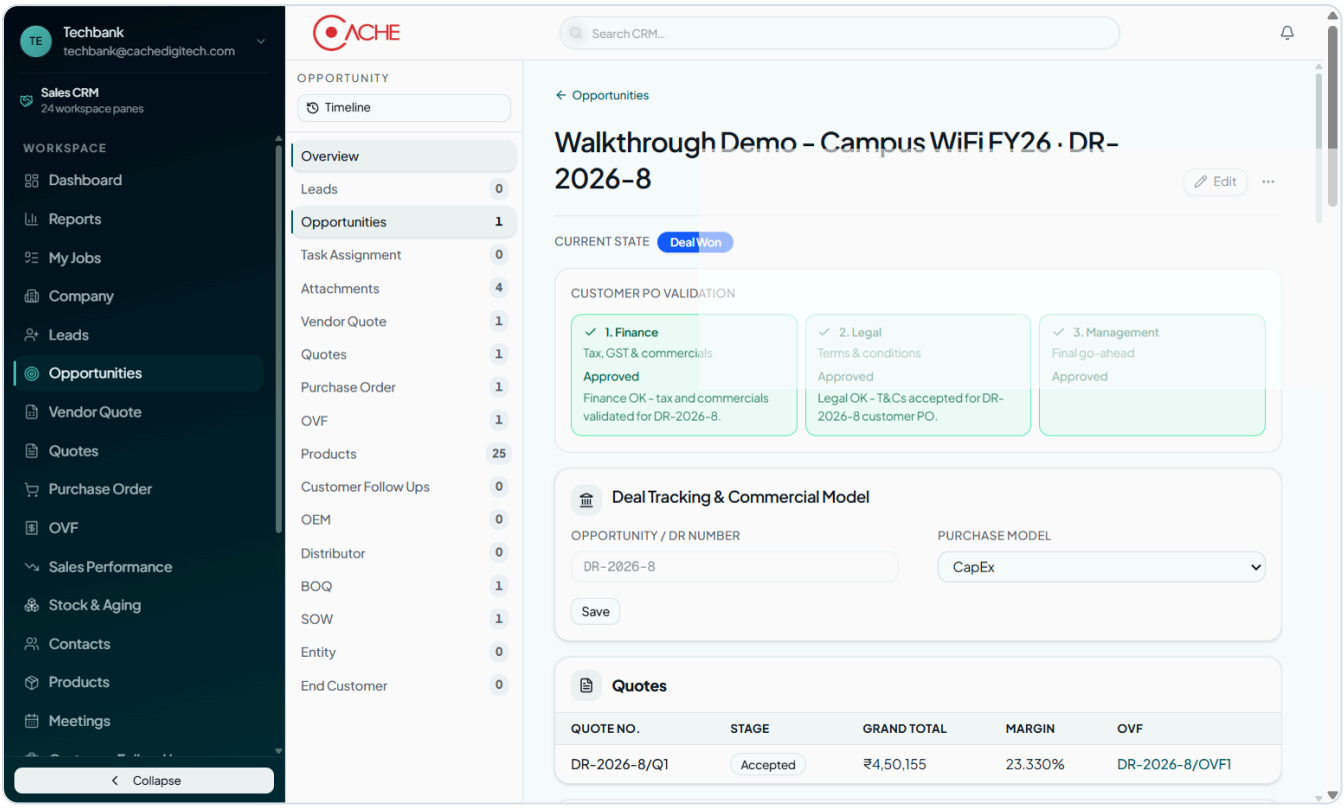

Figure A-21 - Finance PO validation result (Approved).

Step 22 – Legal PO validation

Approve **Validate Customer PO Terms & Conditions (Legal)**.

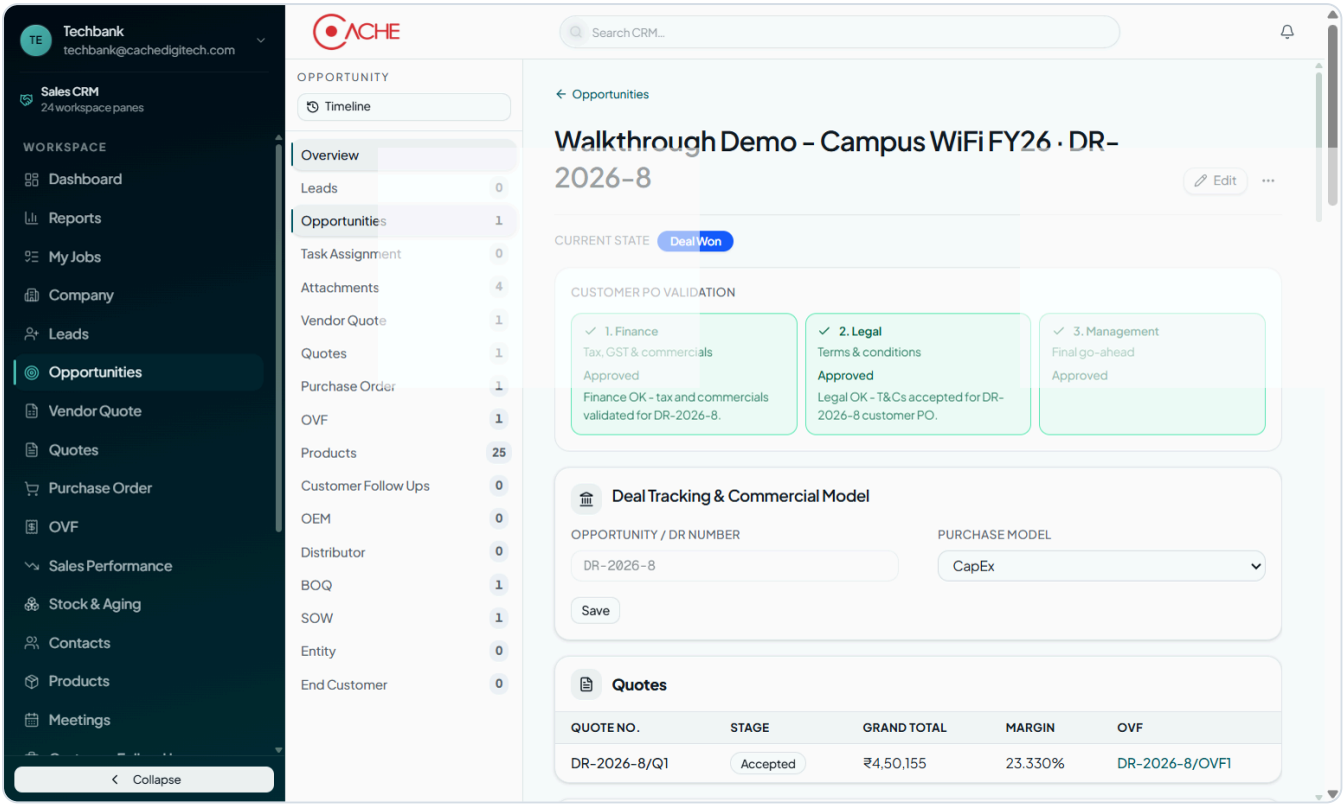

Figure A-22 - Legal PO validation result (Approved).

Step 23 – Management PO approval

Approve **Approve Customer PO** (Management). All three checks unlock Create OVF.

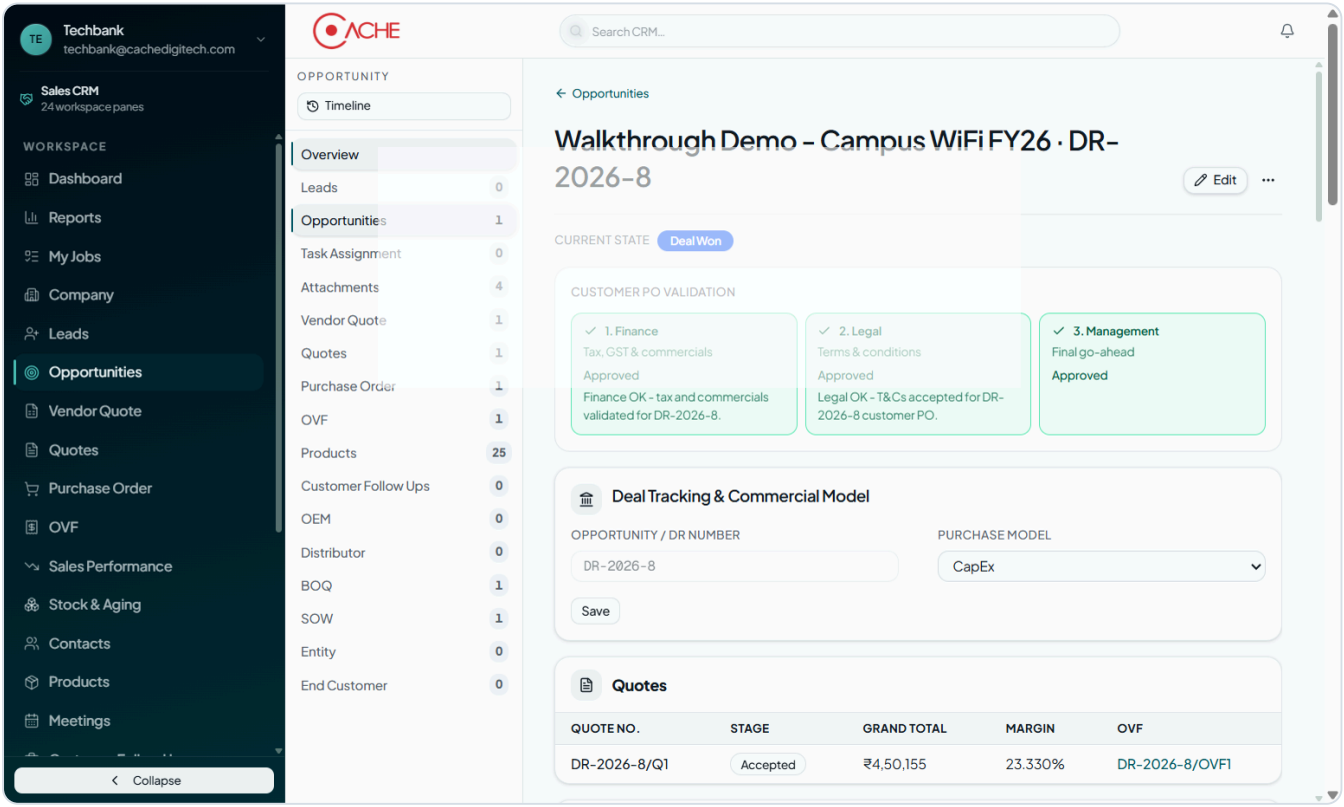

Figure A-23 - Management PO approval result (Approved).

Step 24 – PO approved – Create OVF unlocked

Back on the opportunity, Customer PO Validation shows all three checks Approved. Quote stage is Accepted and OVF can be created (demo already shows linked OVF after create).

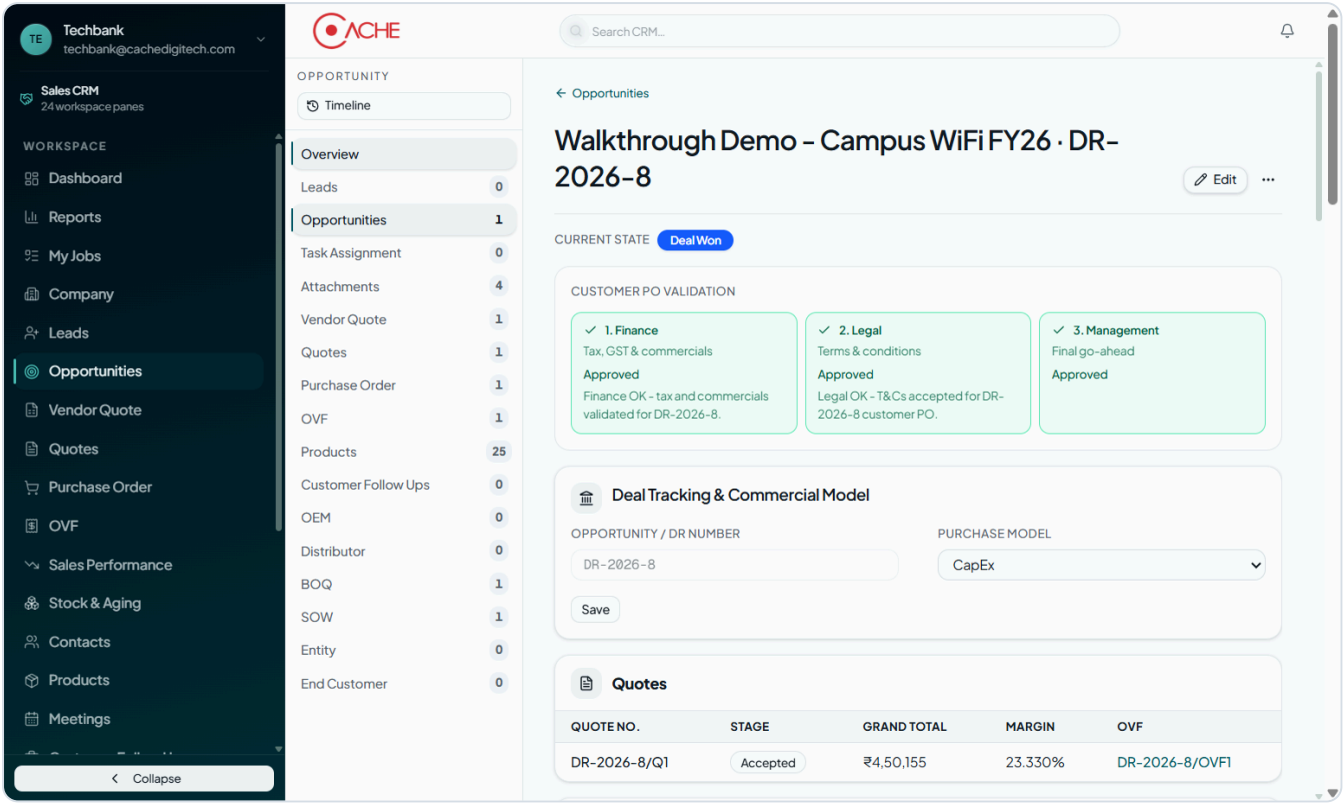

Figure A-24 - Opportunity with Finance, Legal, and Management PO approvals.

Step 25 – OVF module fields

On create/edit OVF, enter PO number `WDS-PO-FY26-001`, PO date, payment terms, and distributor (Redington). Save to open the OVF detail.

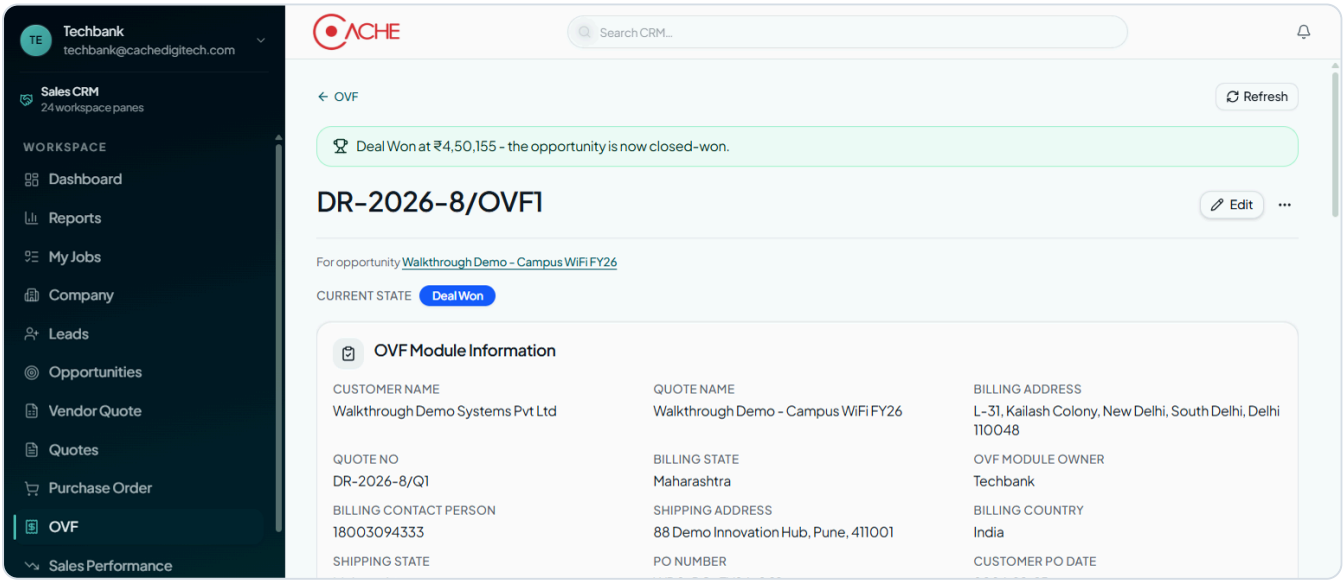

Figure A-25 - OVF module information with PO and commercial fields.

Step 26 – OVF created

OVF `DR-2026-8/OVF1` opens with customer and vendor PO summaries filled from the quote.

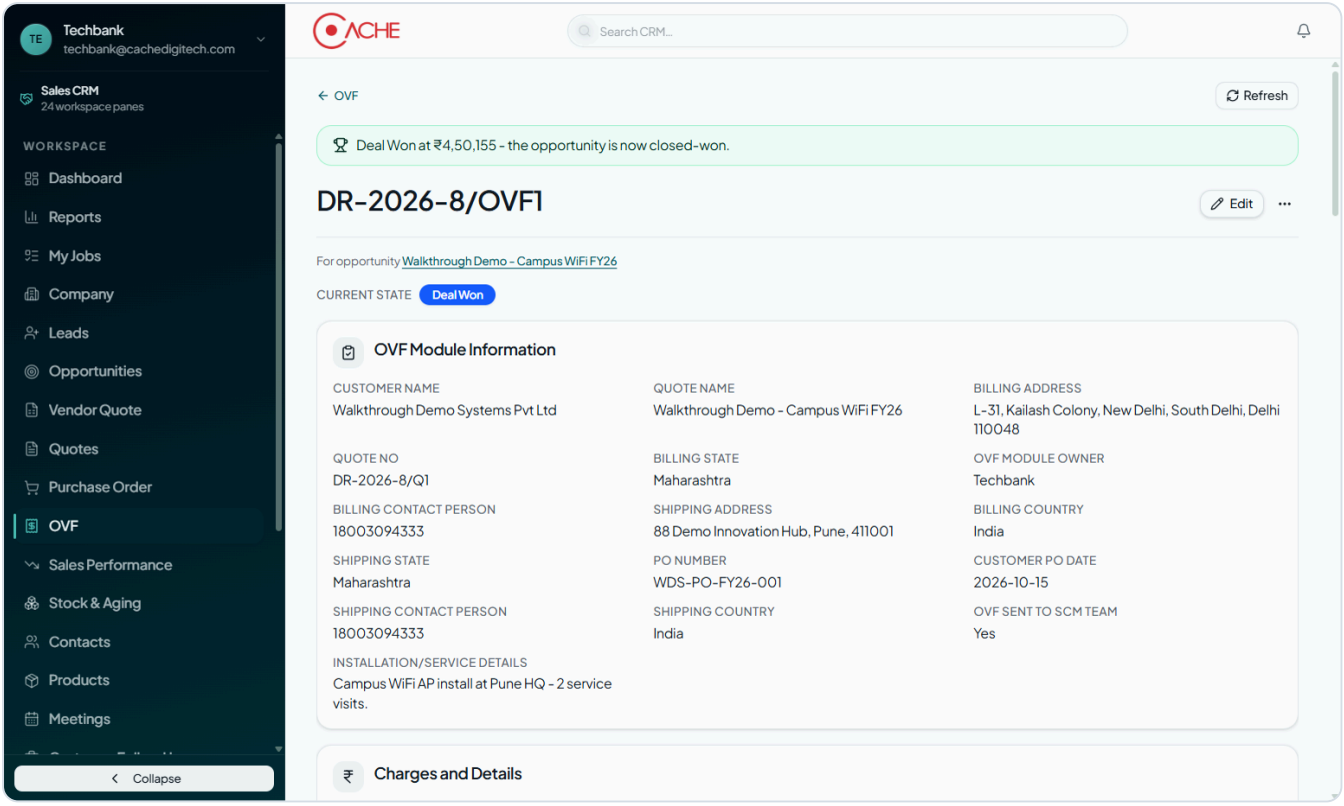

Figure A-26 - OVF detail after save (Deal Won banner after close).

Step 27 – Send OVF for approval

Click **Send for Approval**, select approver, and submit with a remark. After approval the OVF can proceed to Deal Won.

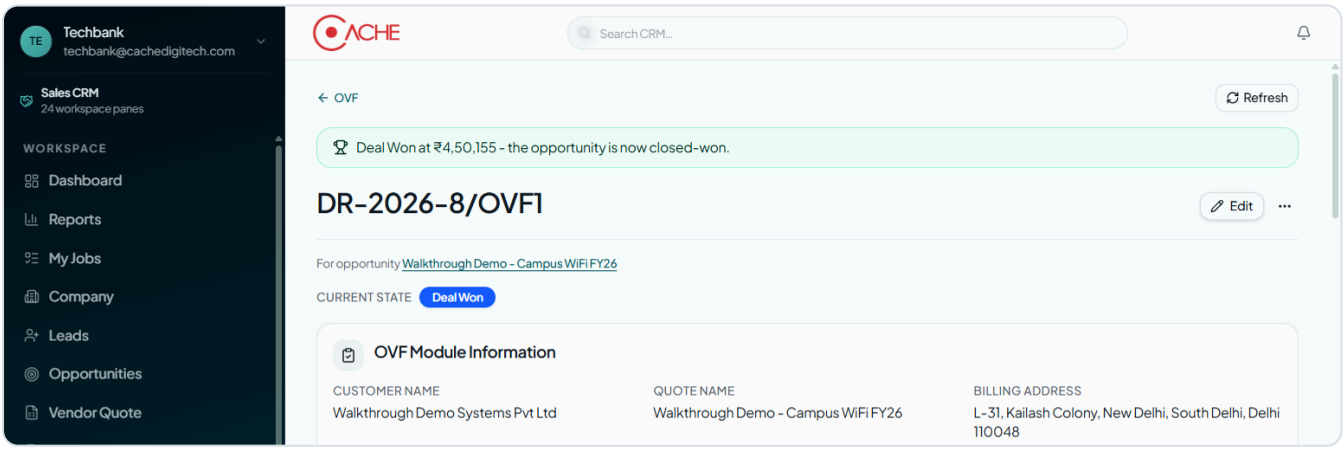

Figure A-27 - OVF header and module state after the approval path.

Step 28 – OVF approved

Approve **Approve OVF DR-2026-8/OVF1** in My Jobs. The OVF remains linked on the opportunity.

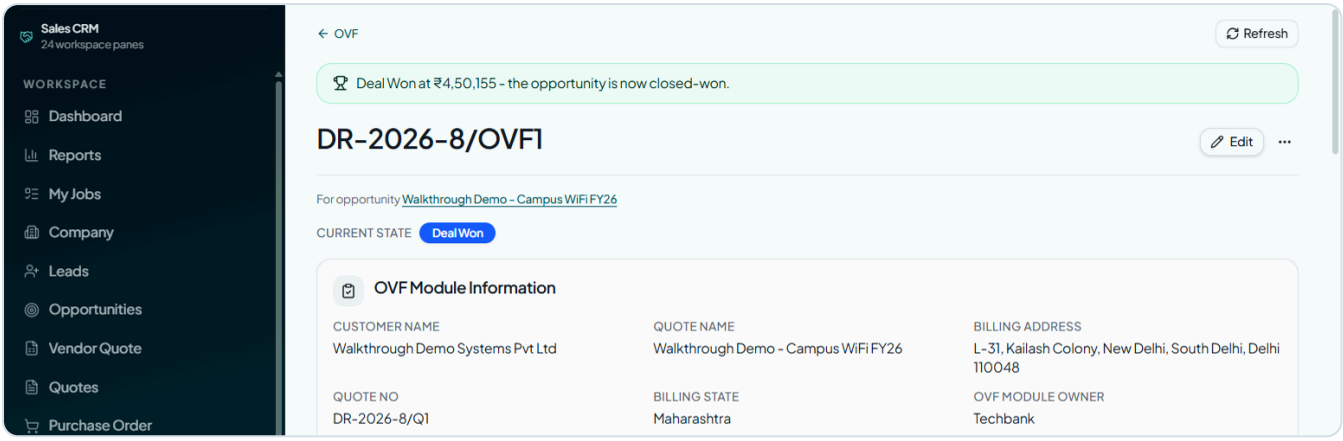

Figure A-28 - Approved OVF detail used for Deal Won.

Step 29 – Ready to mark Deal Won

Return to the opportunity. After OVF approval, blueprint action **Mark Deal Won** is available (demo capture shows the deal after Won with OVF linked).

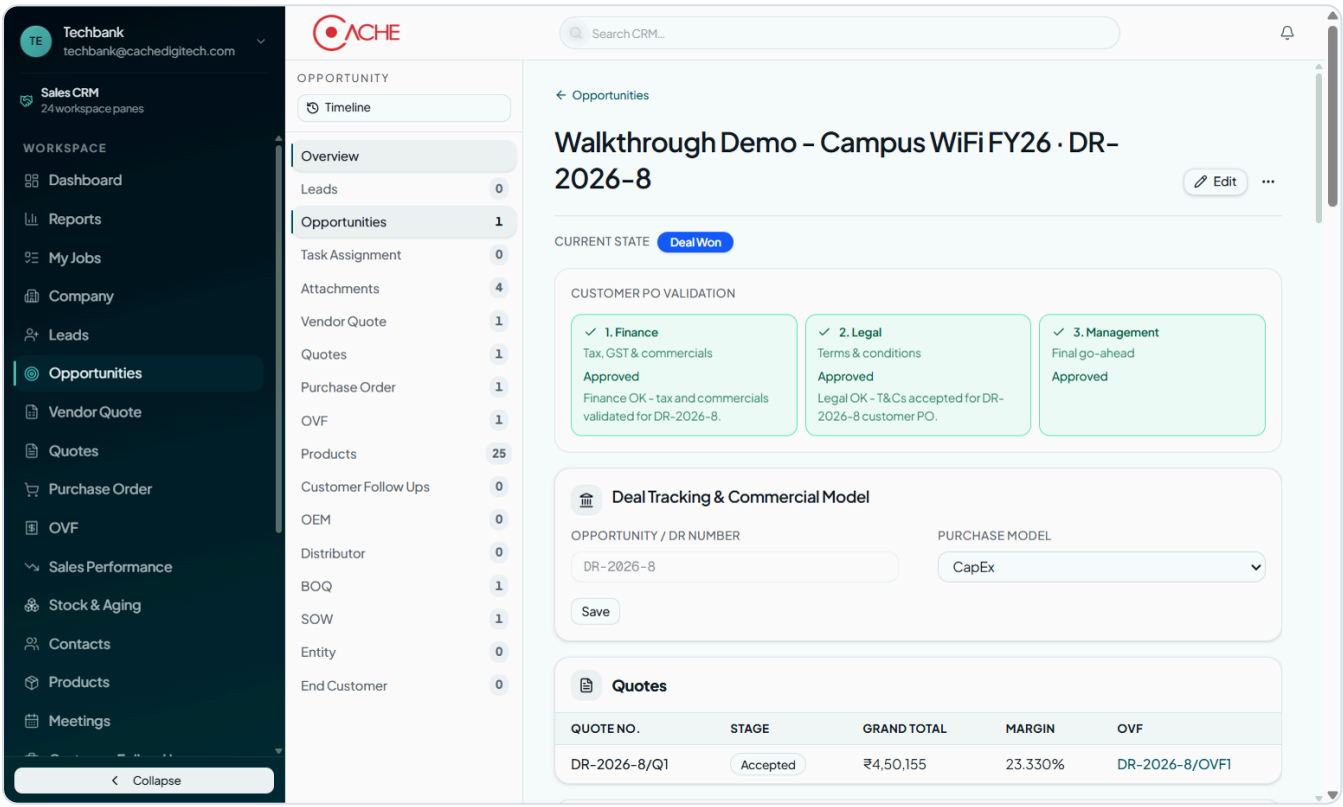

Figure A-29 - Opportunity with approved PO path and linked OVF.

Step 30 – Deal Won amount confirmed

Confirm Deal Won amount (demo ₹4,50,155) and submit. OVF shows the Won amount banner.

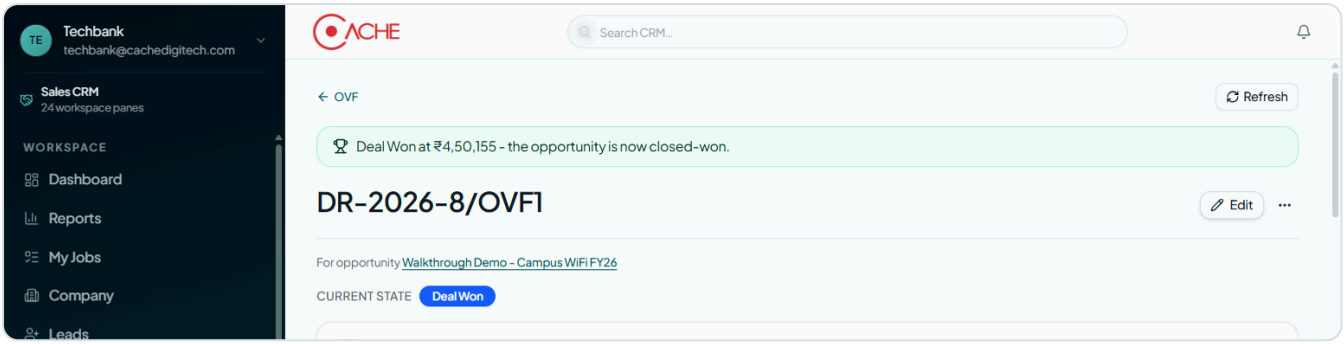

Figure A-30 - OVF Deal Won confirmation at ₹4,50,155.

Step 31 – Deal Won

Opportunity status is **Deal Won**. Quote `DR-2026-8/Q1` and OVF `DR-2026-8/OVF1` remain linked for audit.

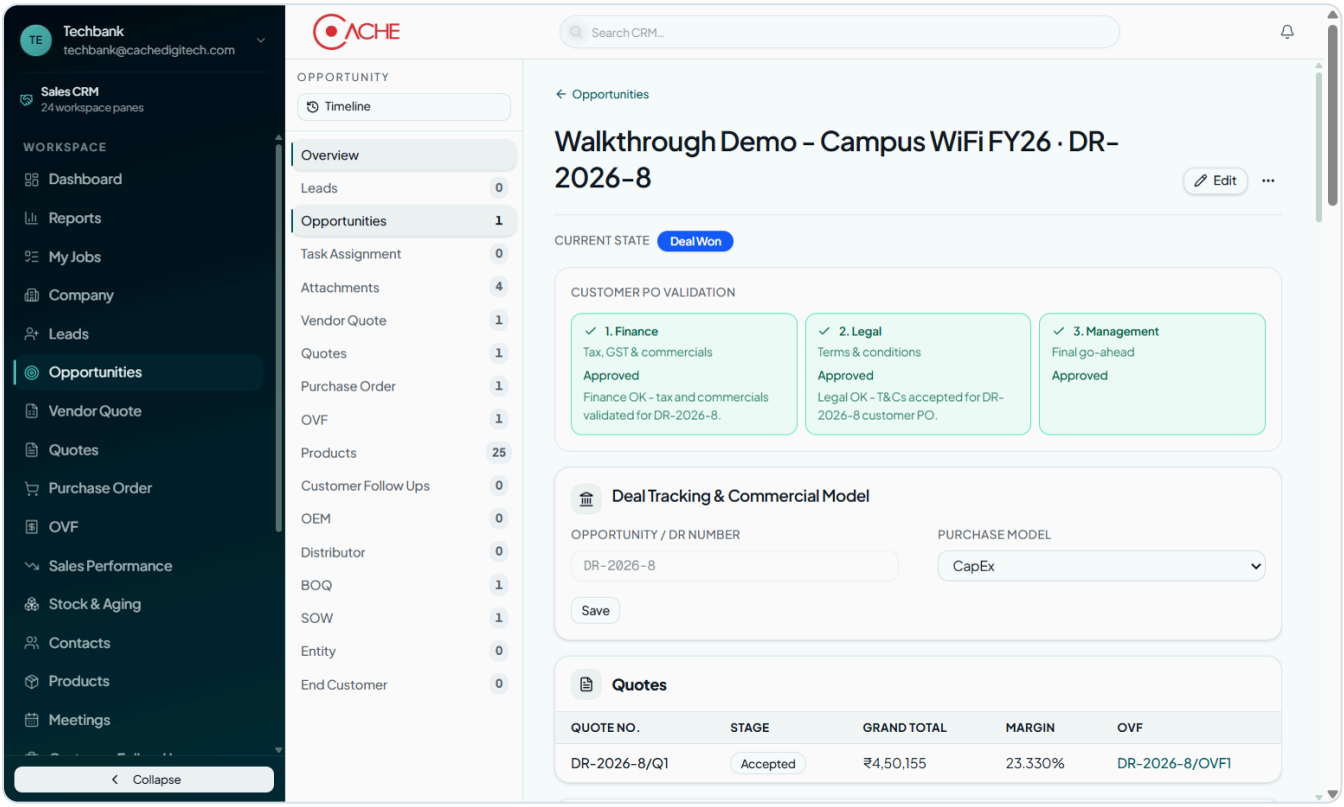

Figure A-31 - Walkthrough deal closed as Won.

Part B – Sidebar reference

Use this section as a pane-by-pane glossary. Screenshots use the CRM left navigation labels.

B.01 Dashboard

Portfolio KPIs, pipeline health, and quick links.

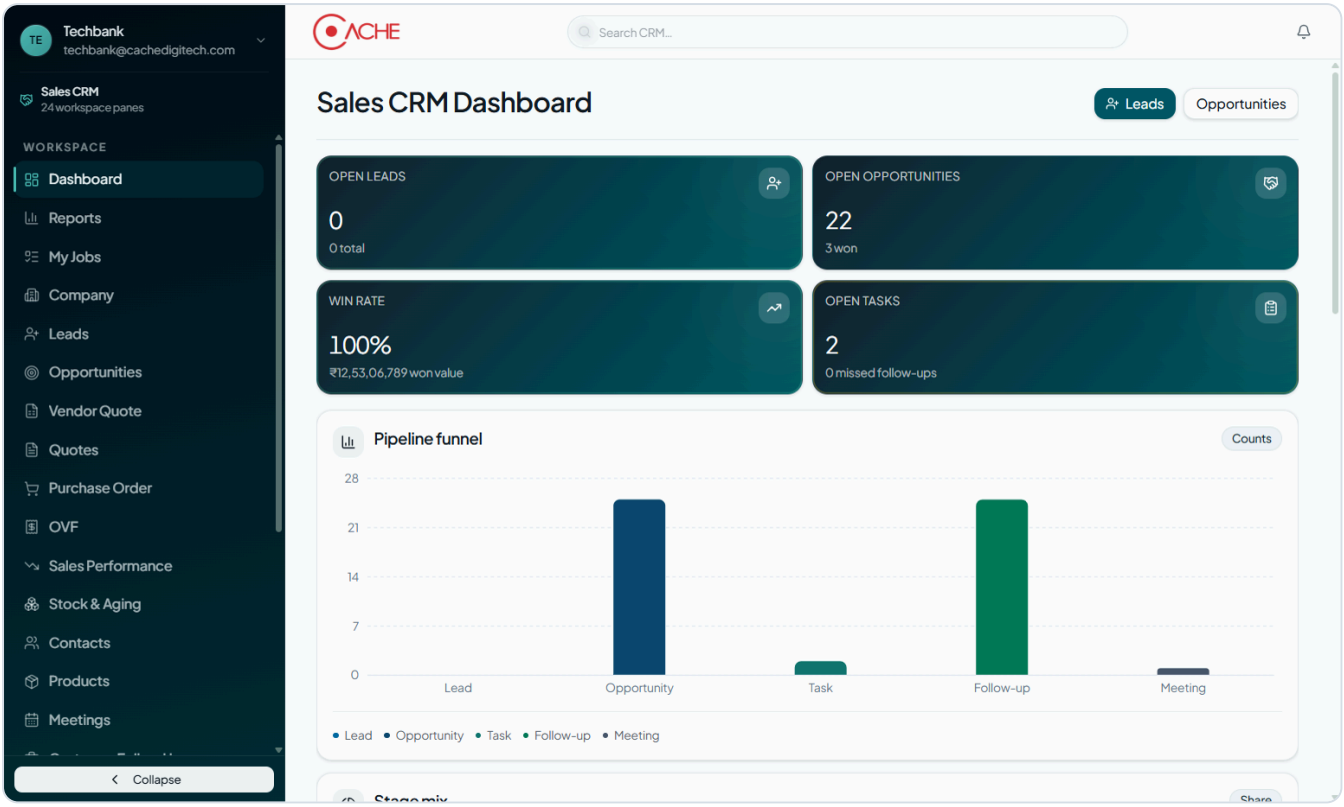

Figure B-01 - Dashboard pane.

B.02 Reports

Standard CRM reports and exports.

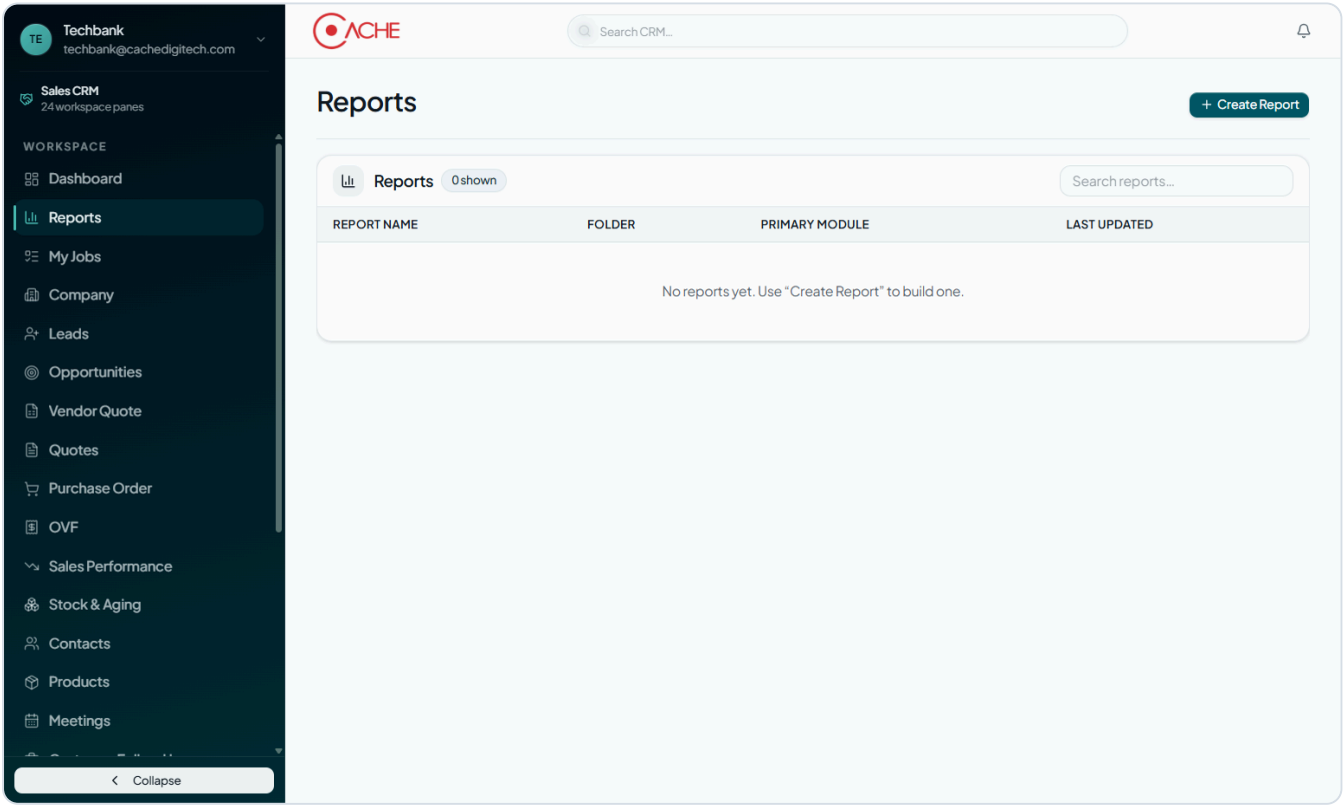

Figure B-02 - Reports pane.

B.03 My Jobs

Tasks you own: BOQ, SOW, quote, PO, and OVF approvals.

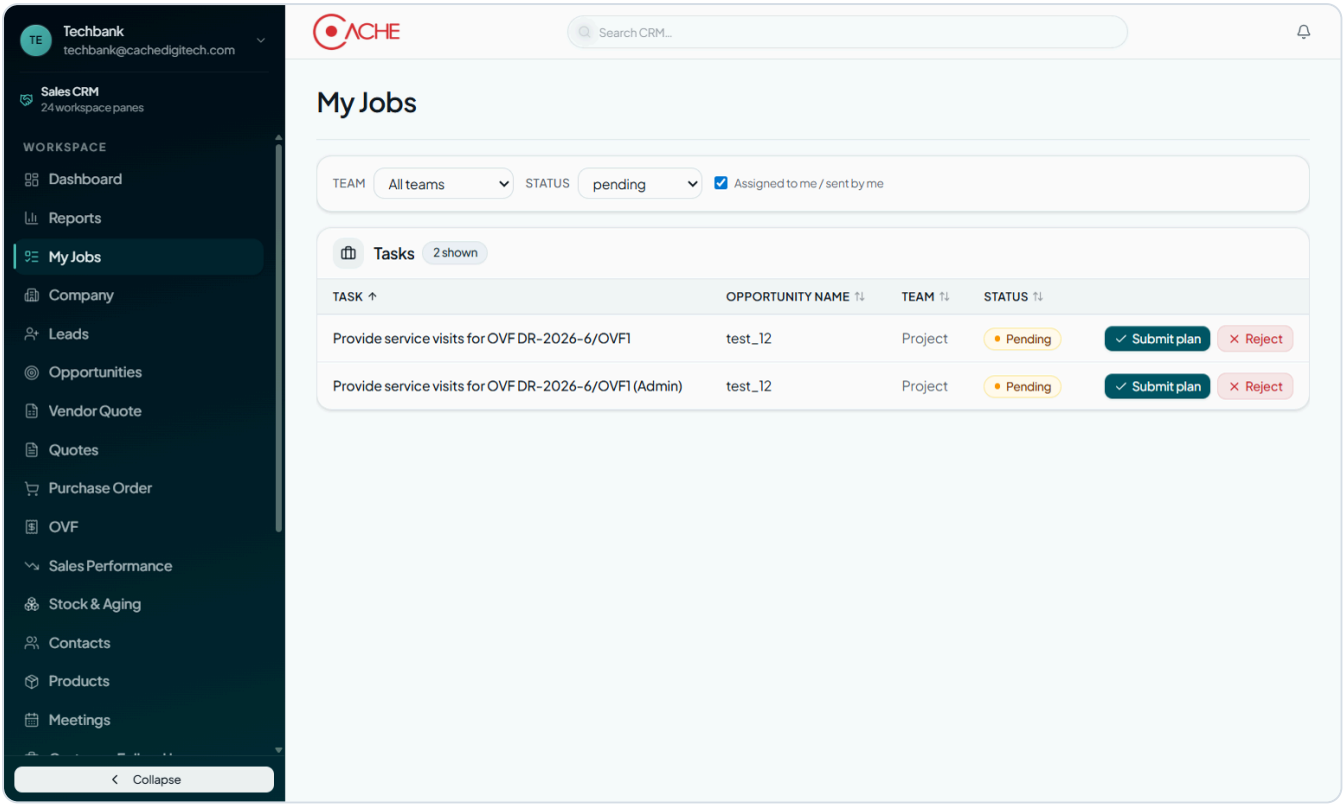

Figure B-03 - My Jobs pane.

B.04 Company

Account register and company master.

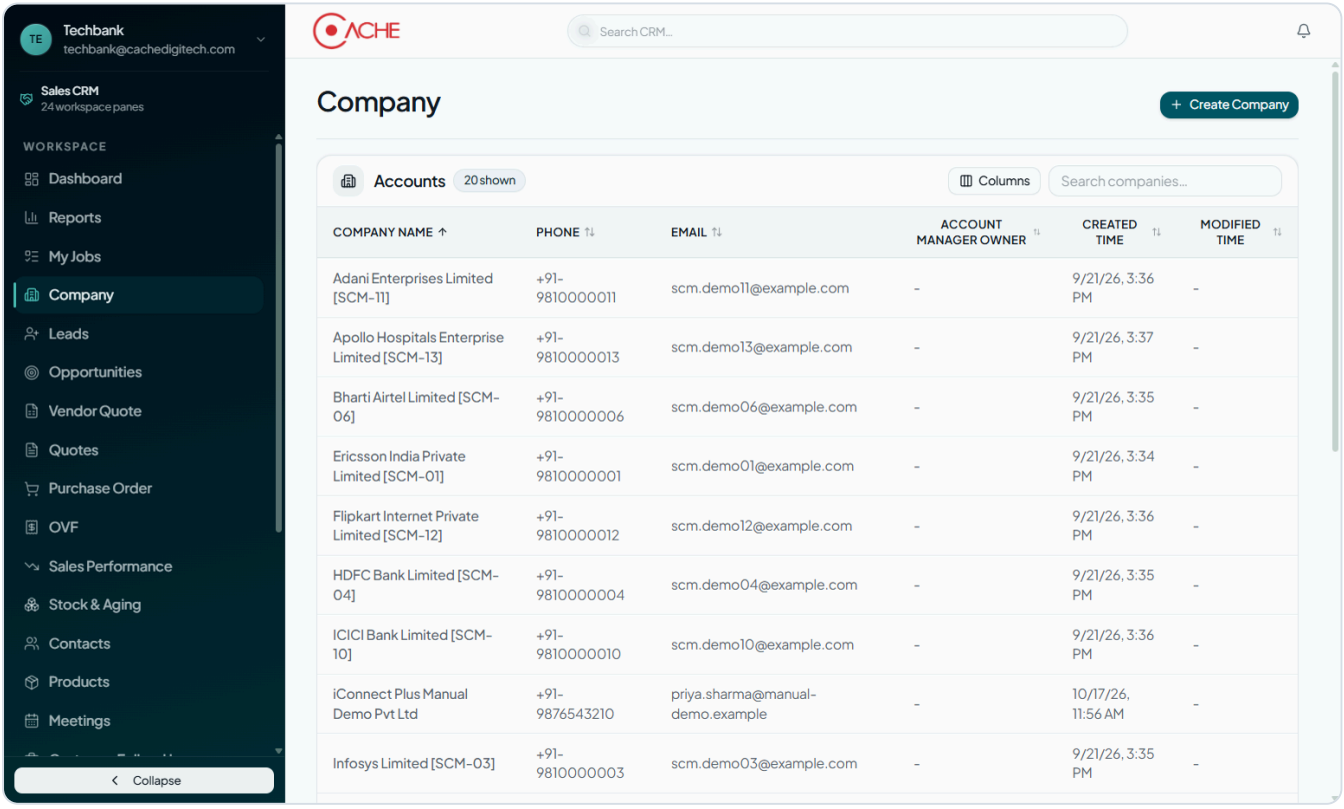

Figure B-04 - Company pane.

B.05 Leads

Active leads before conversion (converted deals leave this list).

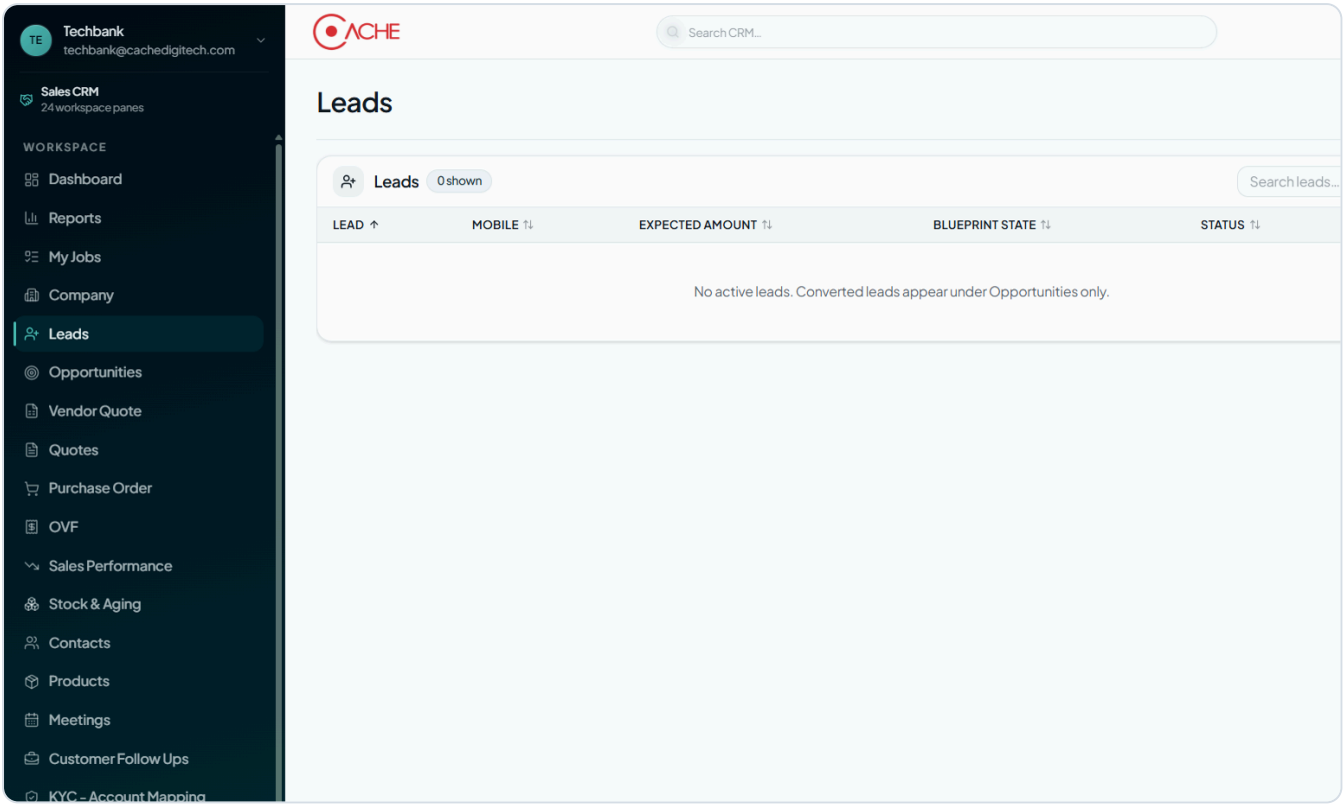

Figure B-05 - Leads pane.

B.06 Opportunities

Qualified deals after lead conversion.

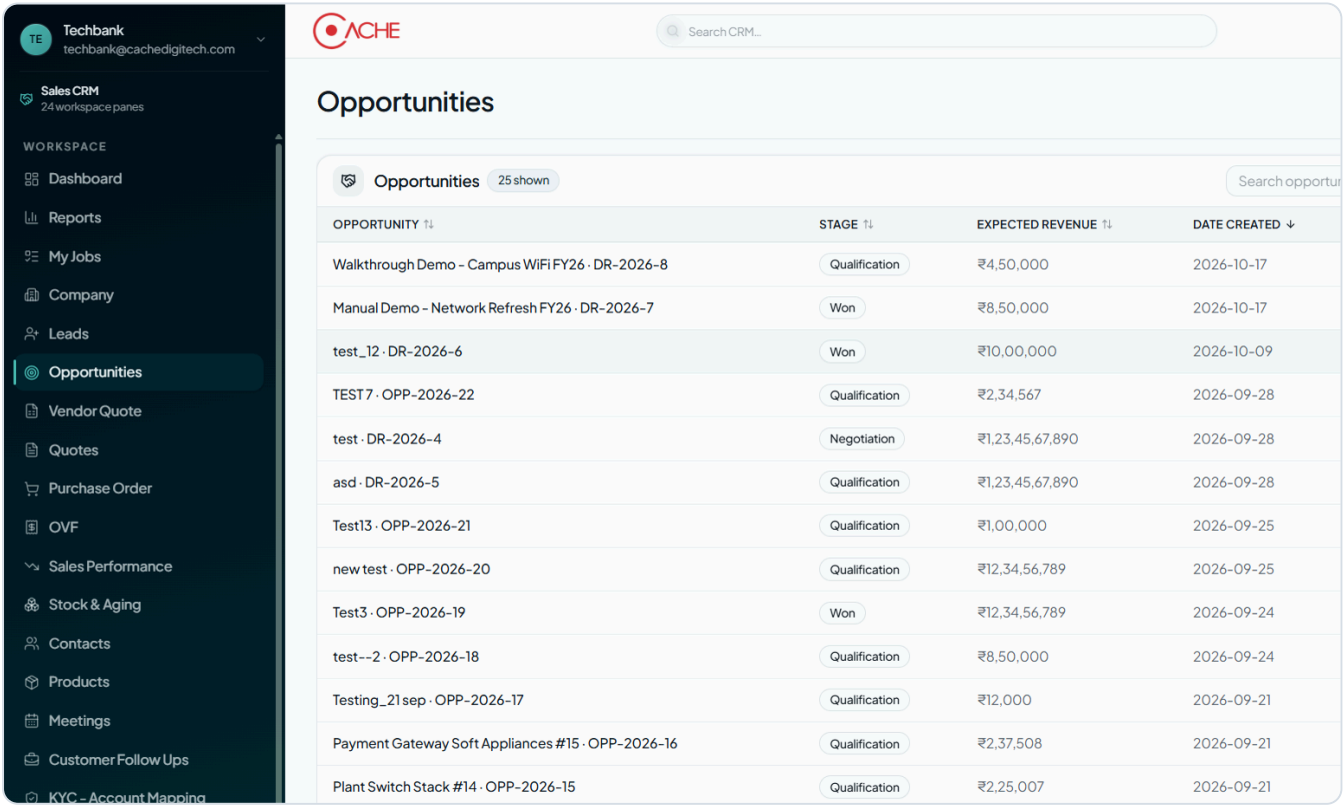

Figure B-06 - Opportunities pane.

B.07 Vendor Quote

OEM and distributor quote intake.

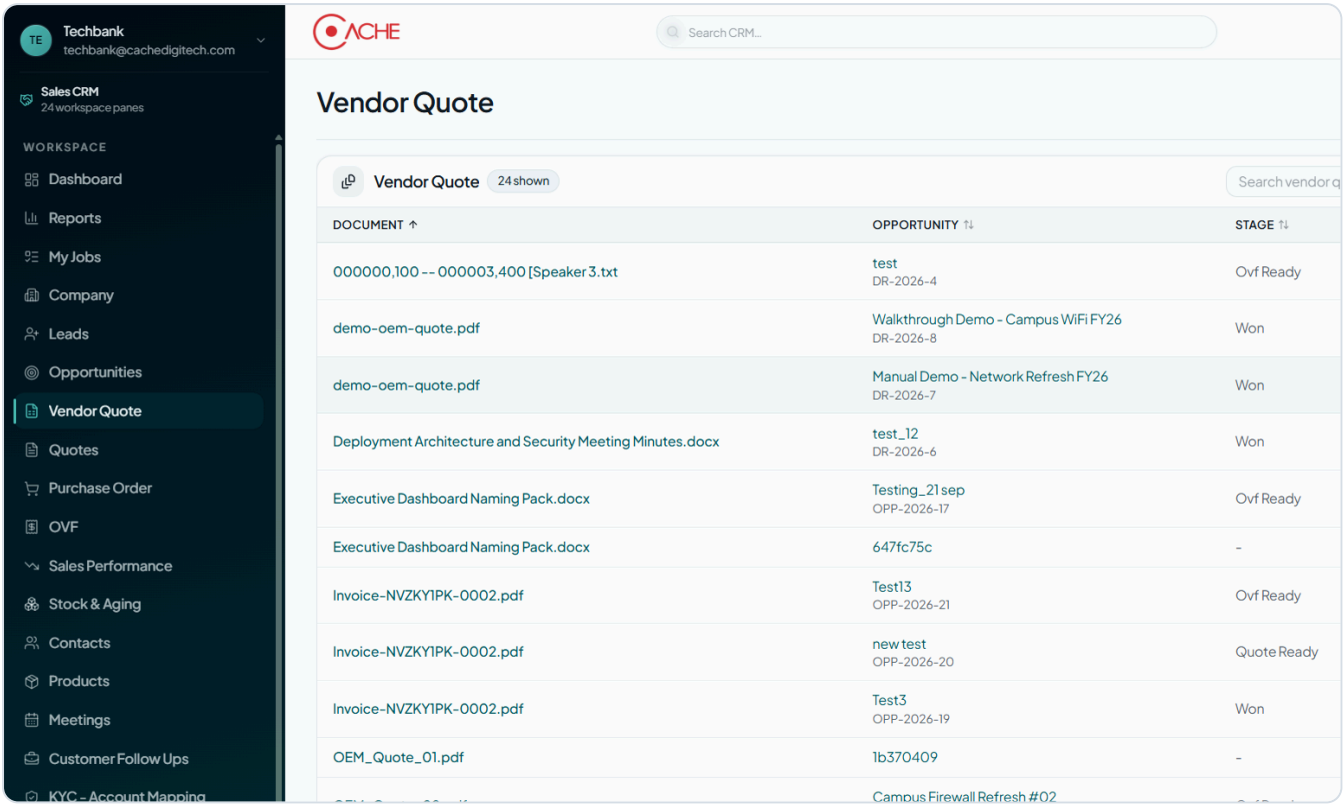

Figure B-07 - Vendor Quote pane.

B.08 Quotes

Customer-facing proposals and revisions.

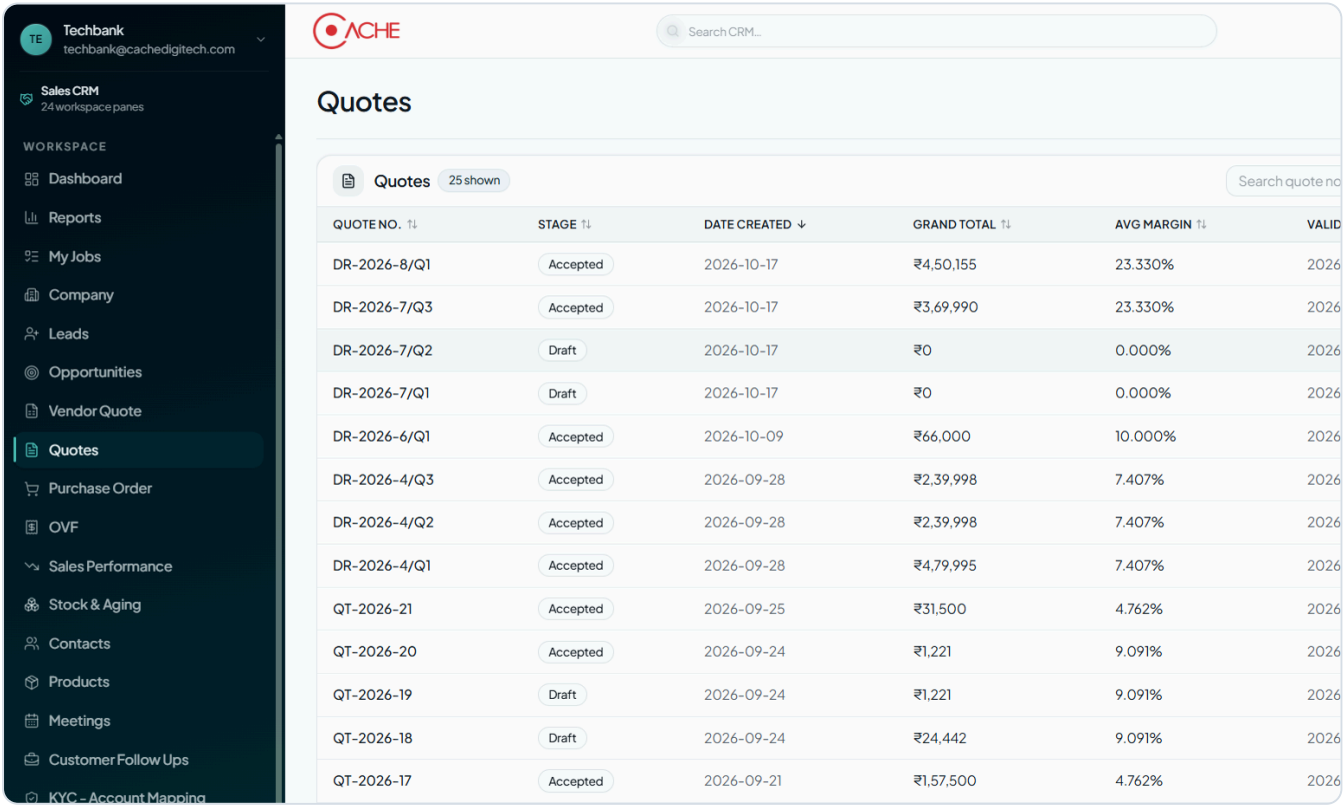

Figure B-08 - Quotes pane.

B.09 Purchase Order

Customer PO documents linked to deals.

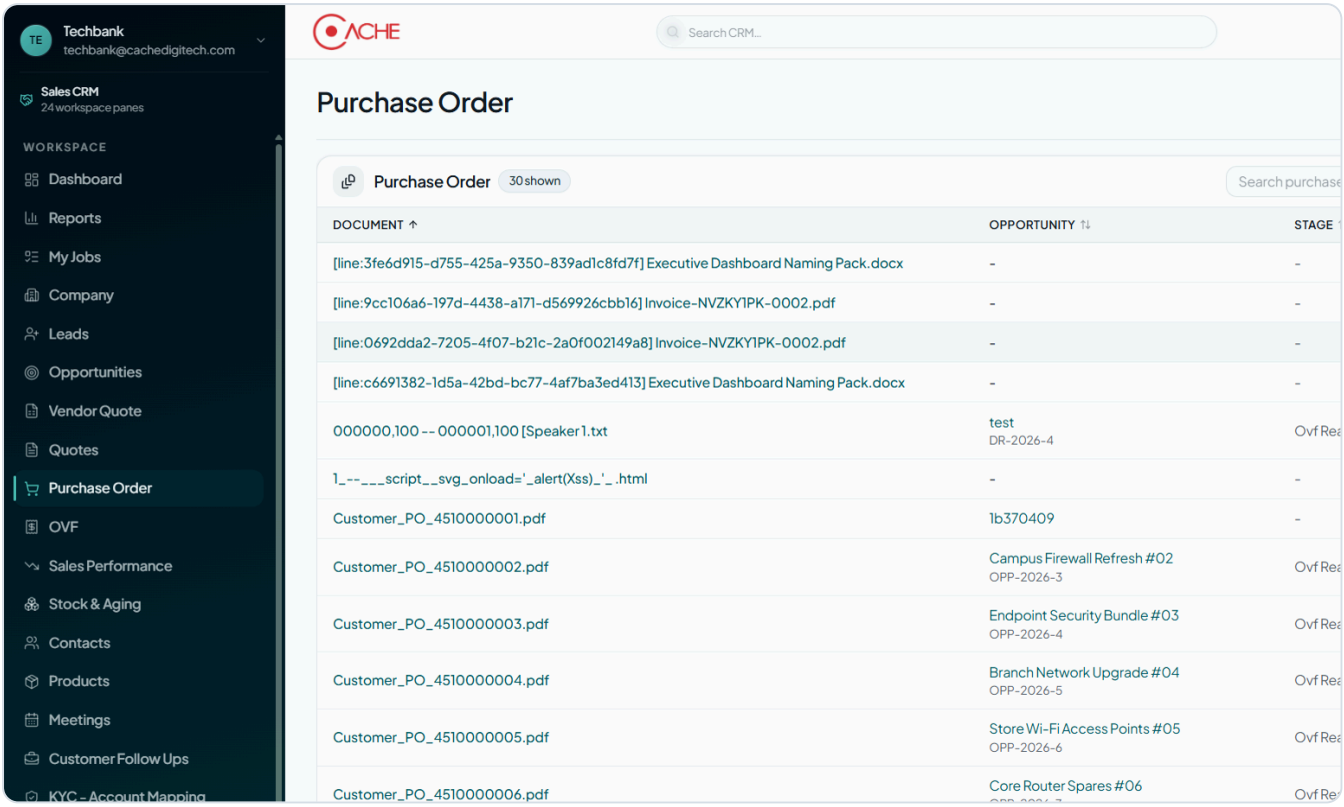

Figure B-09 - Purchase Order pane.

B.10 OVF

Order verification forms and Won amounts.

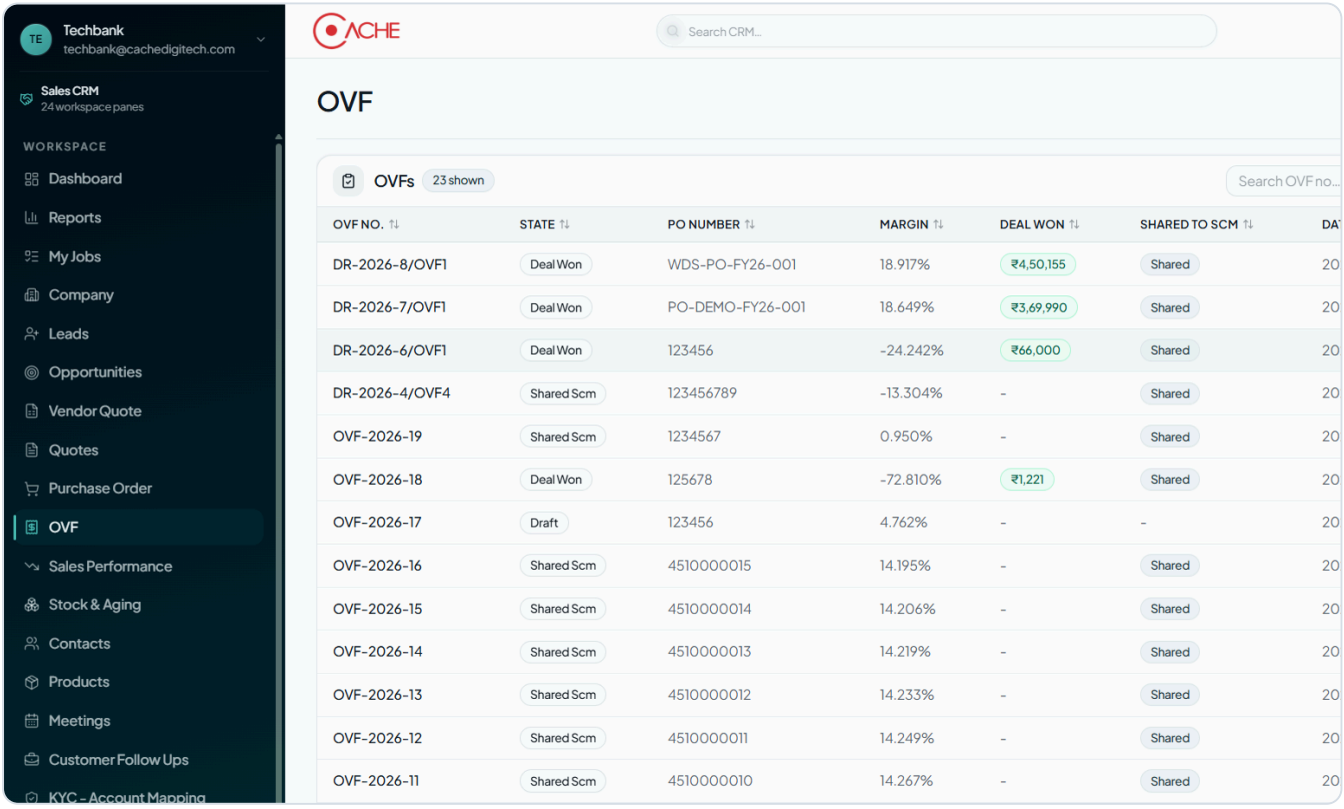

Figure B-10 - OVF pane.

B.11 Sales Performance

Targets, attainment, and team metrics.

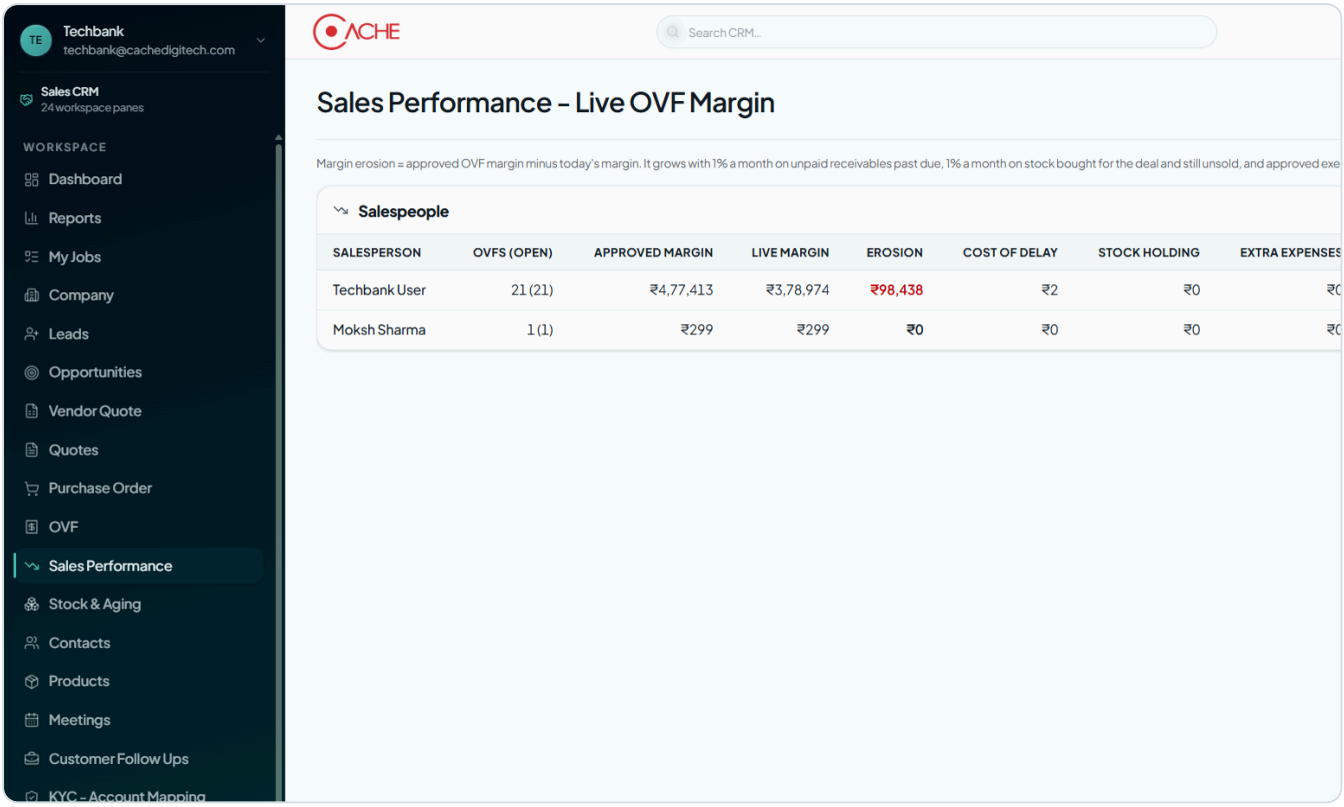

Figure B-11 - Sales Performance pane.

B.12 Stock & Aging

Inventory aging tied to CRM products.

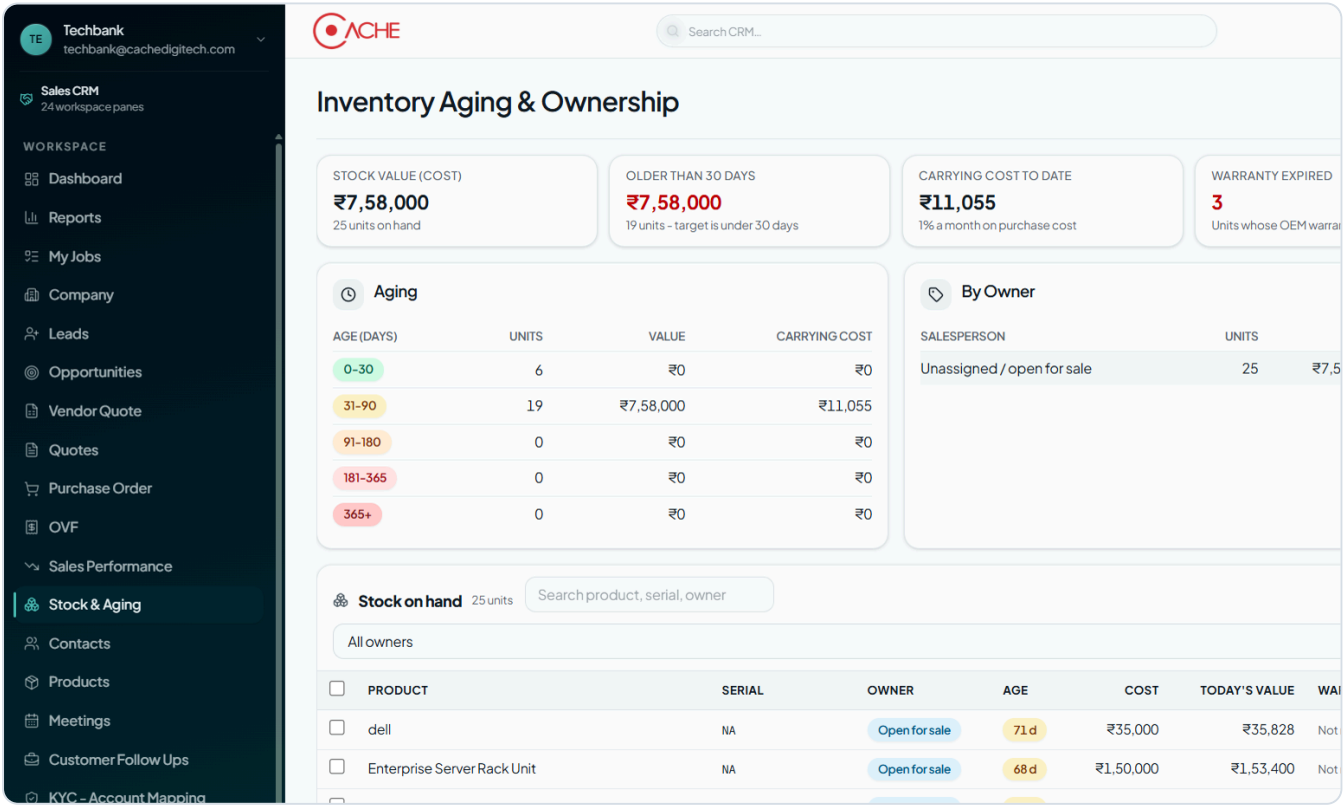

Figure B-12 - Stock & Aging pane.

B.13 Contacts

People linked to companies and deals.

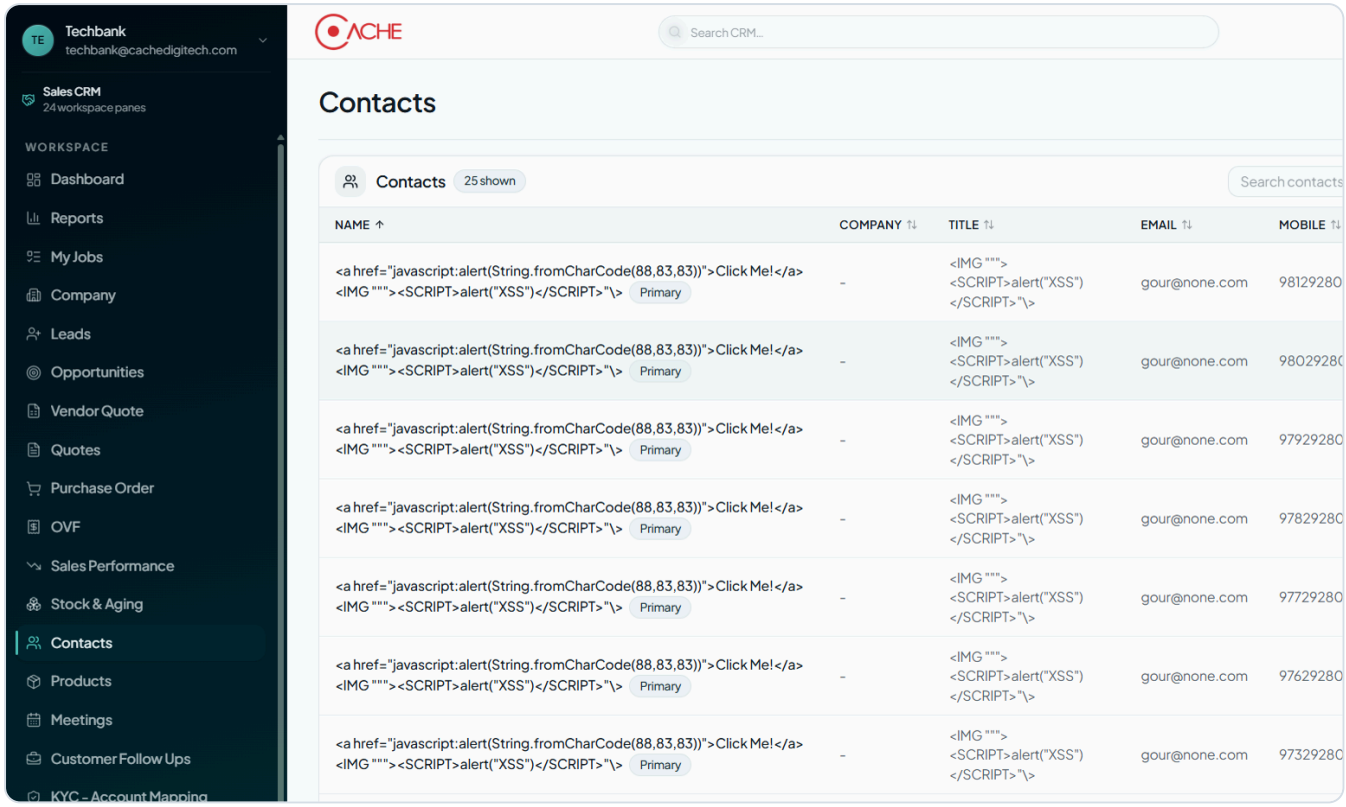

Figure B-13 - Contacts pane.

B.14 Products

SKU catalog used on quotes and BOQ.

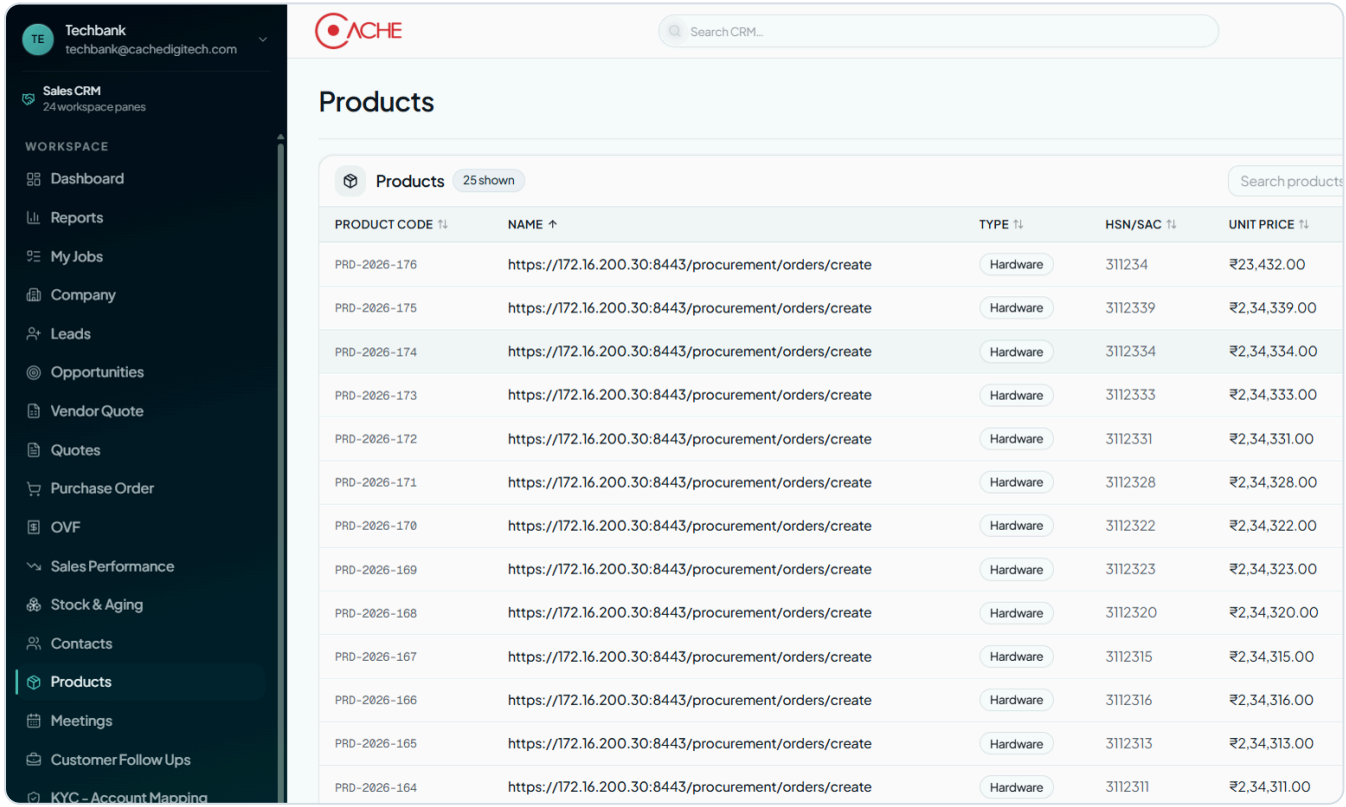

Figure B-14 - Products pane.

B.15 Meetings

Customer meetings and call logs.

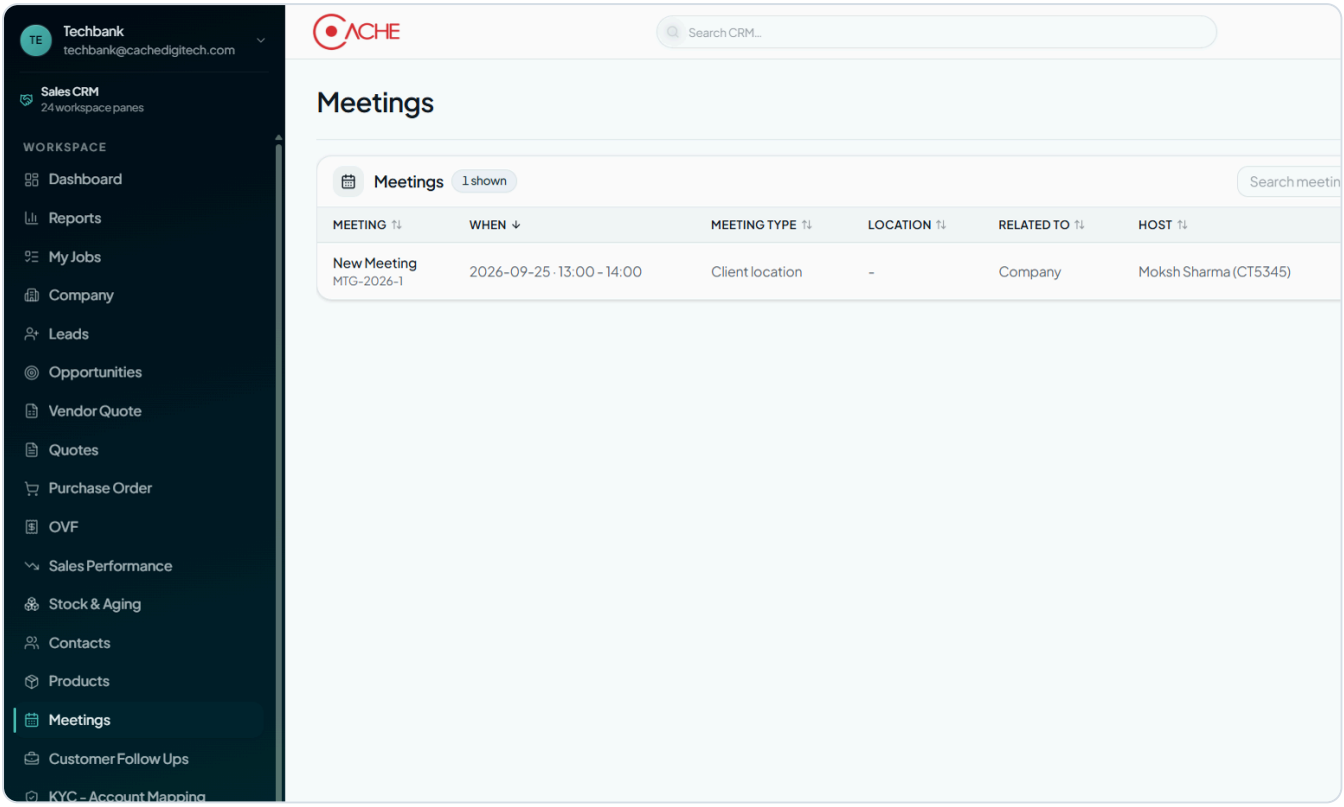

Figure B-15 - Meetings pane.

B.16 Customer Follow Ups

Scheduled follow-up tasks.

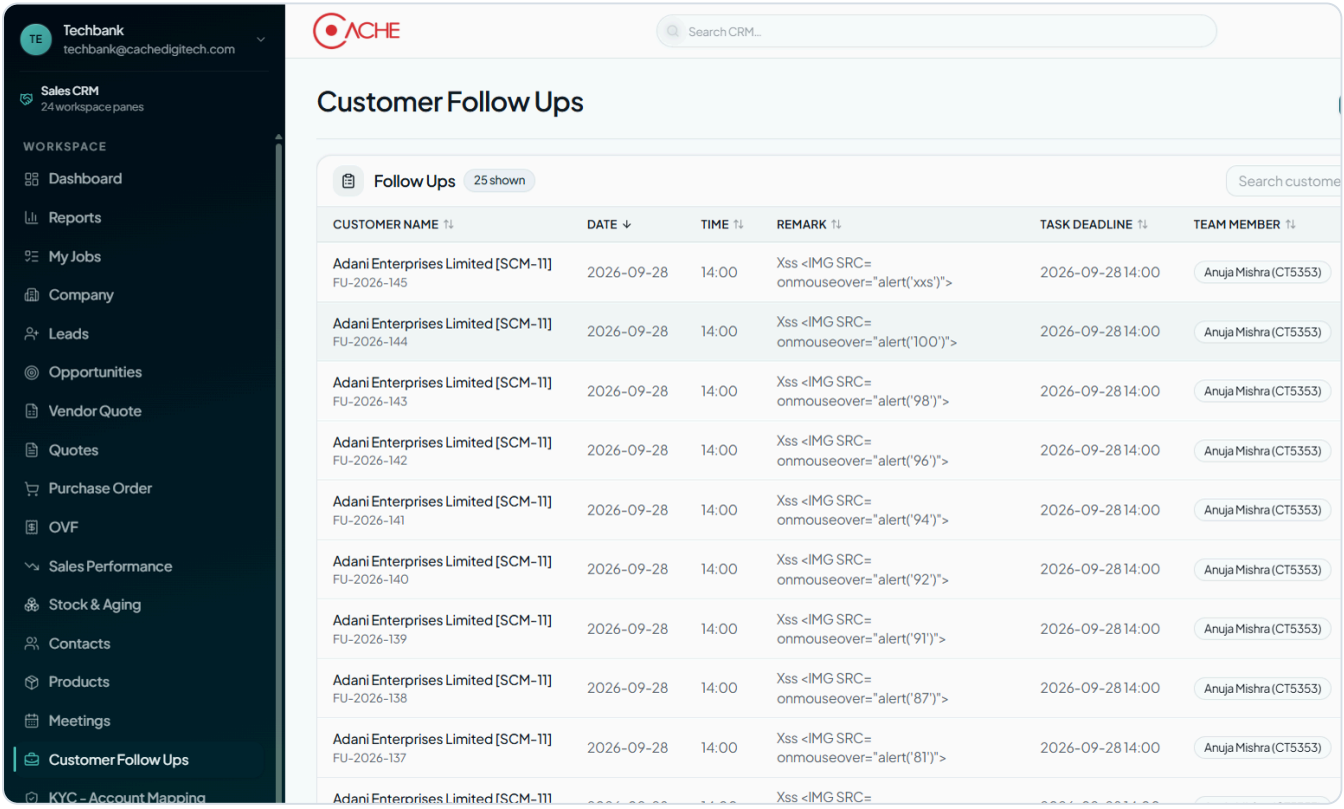

Figure B-16 - Customer Follow Ups pane.

B.17 KYC – Account Mapping

Know-your-customer checks and account mapping.

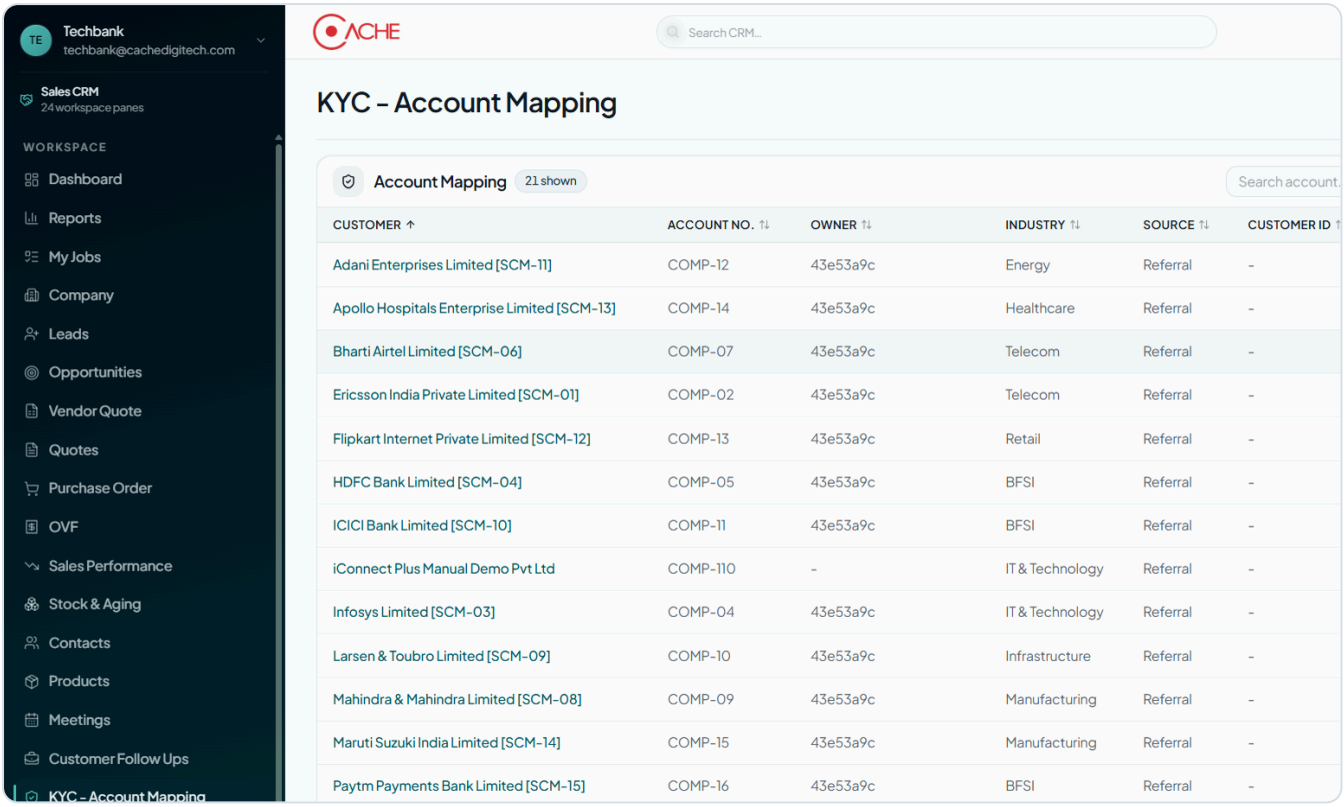

Figure B-17 - KYC - Account Mapping pane.

B.18 OEM

OEM partner master.

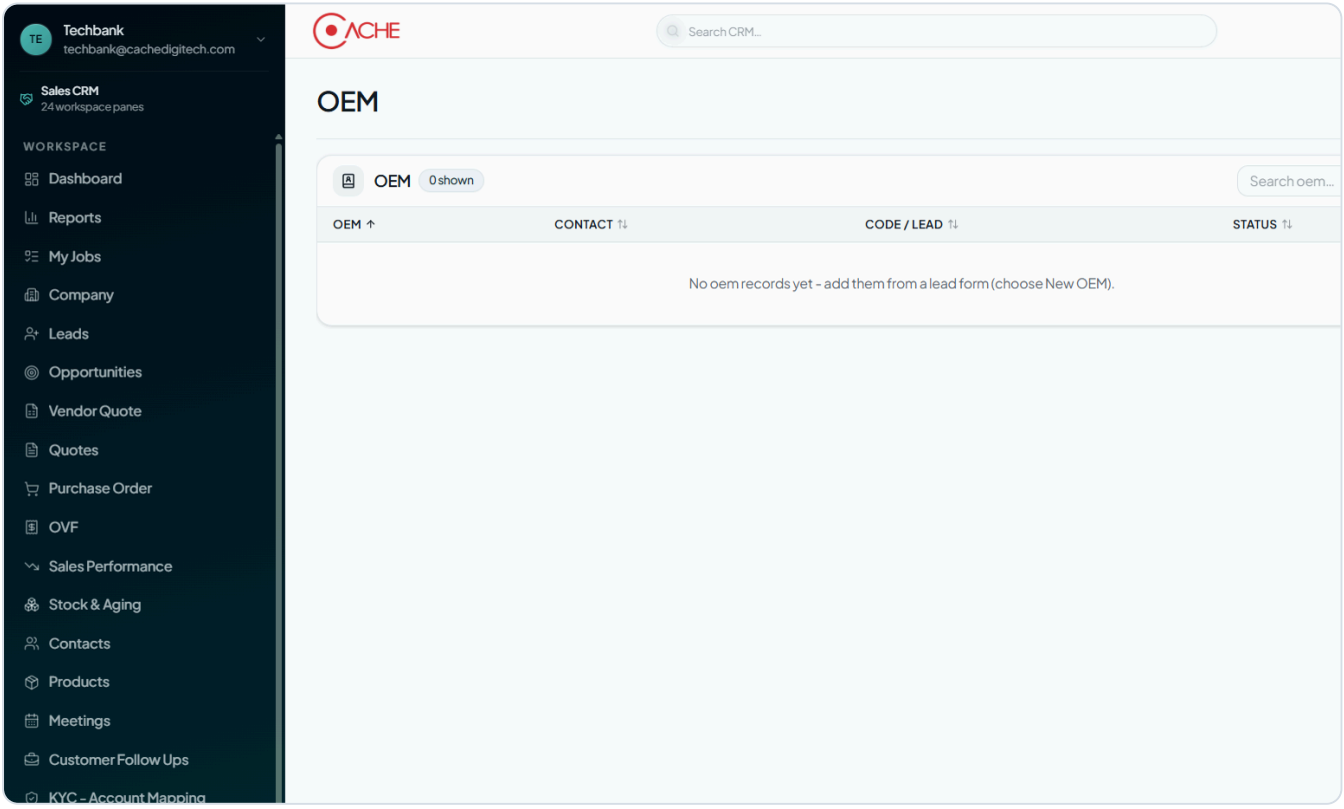

Figure B-18 - OEM pane.

Distributor partner master.

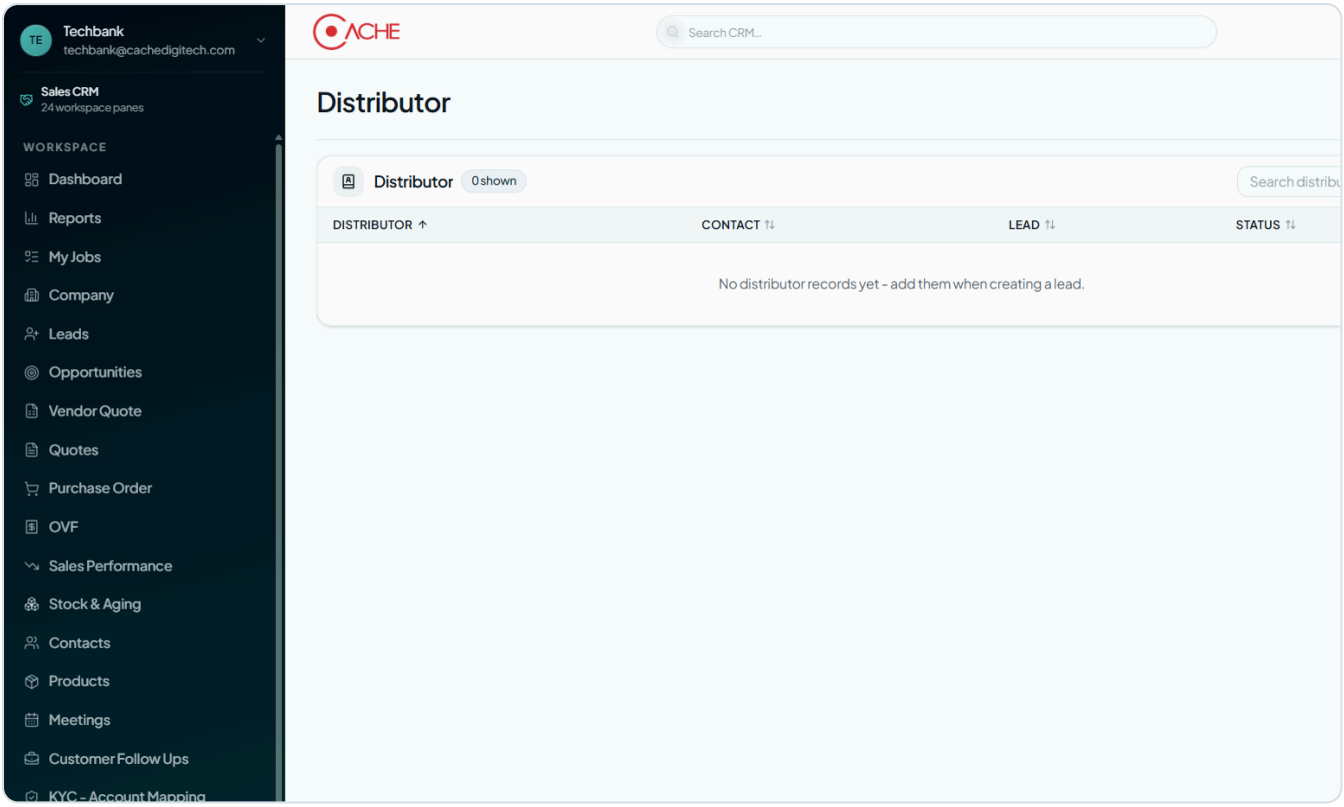

Figure B-19 - Distributor pane.

B.20 BOQ

Bill of quantities register.

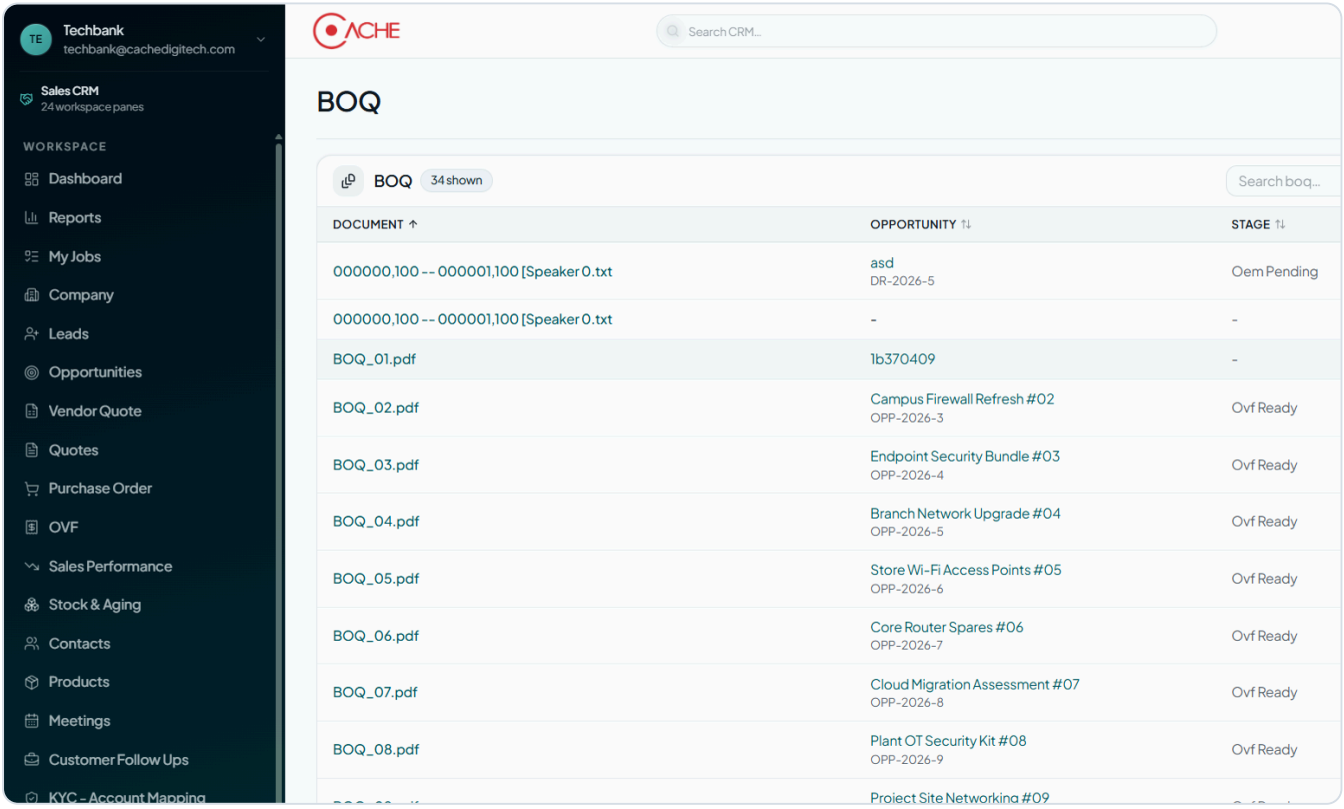

Figure B-20 - BOQ pane.

B.21 SOW

Statement of work register.

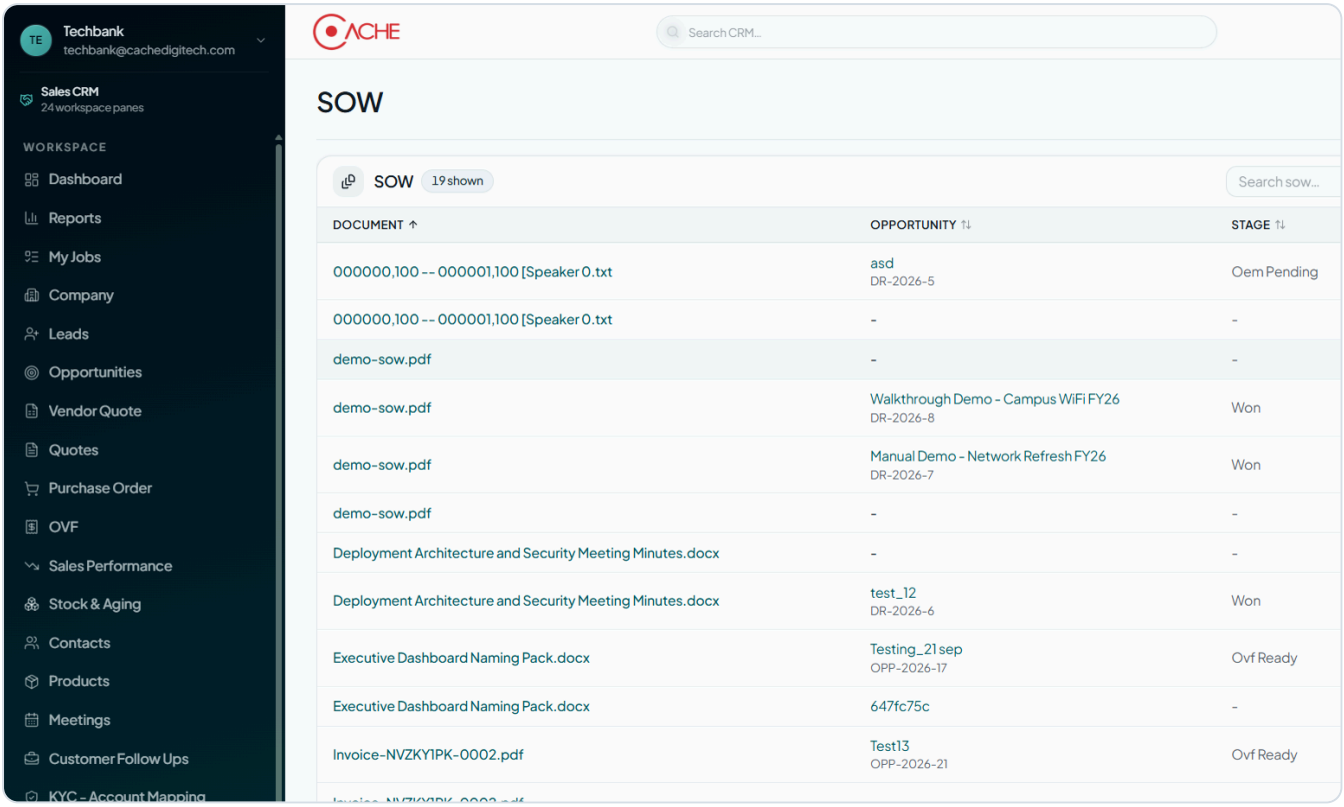

Figure B-21 - SOW pane.

B.22 Entity

Legal entities for quoting and billing.

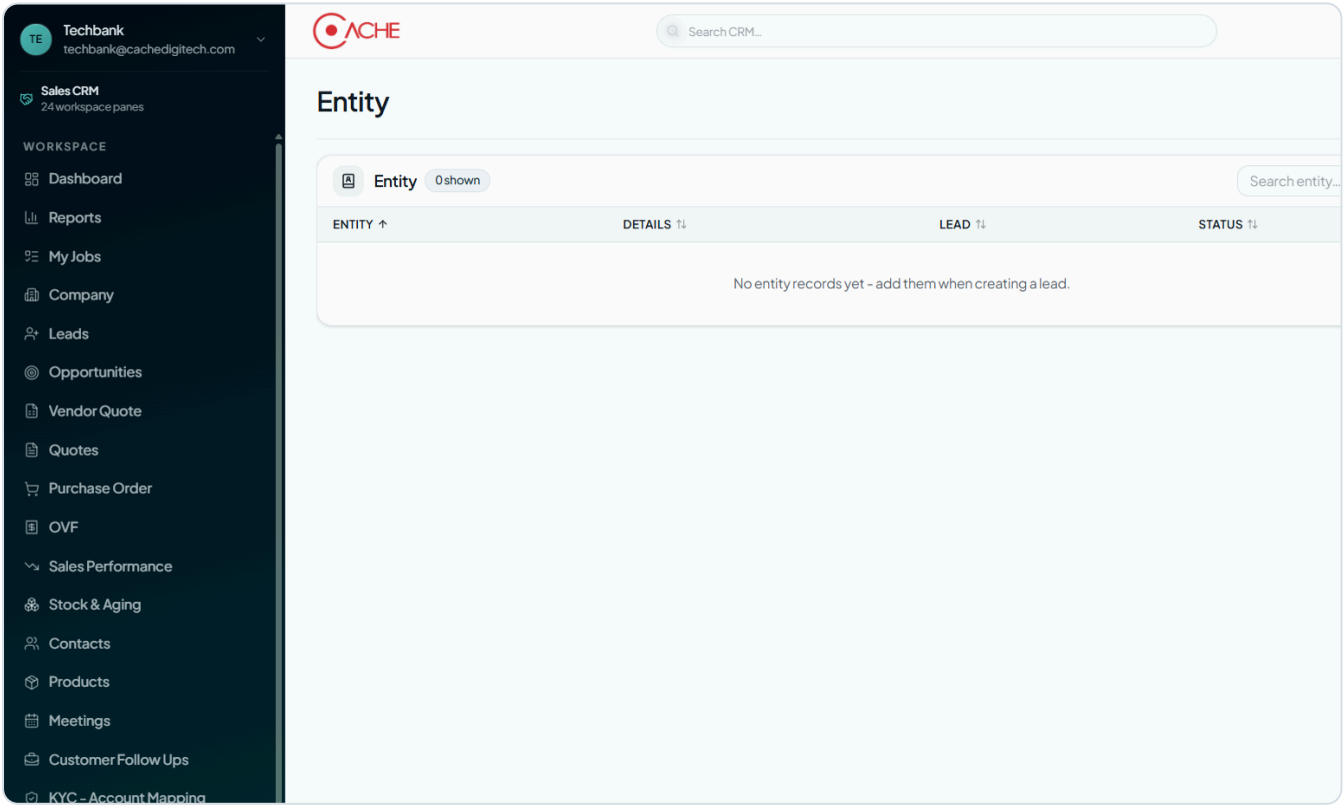

Figure B-22 - Entity pane.

B.23 End Customer

End-customer hierarchy where used.

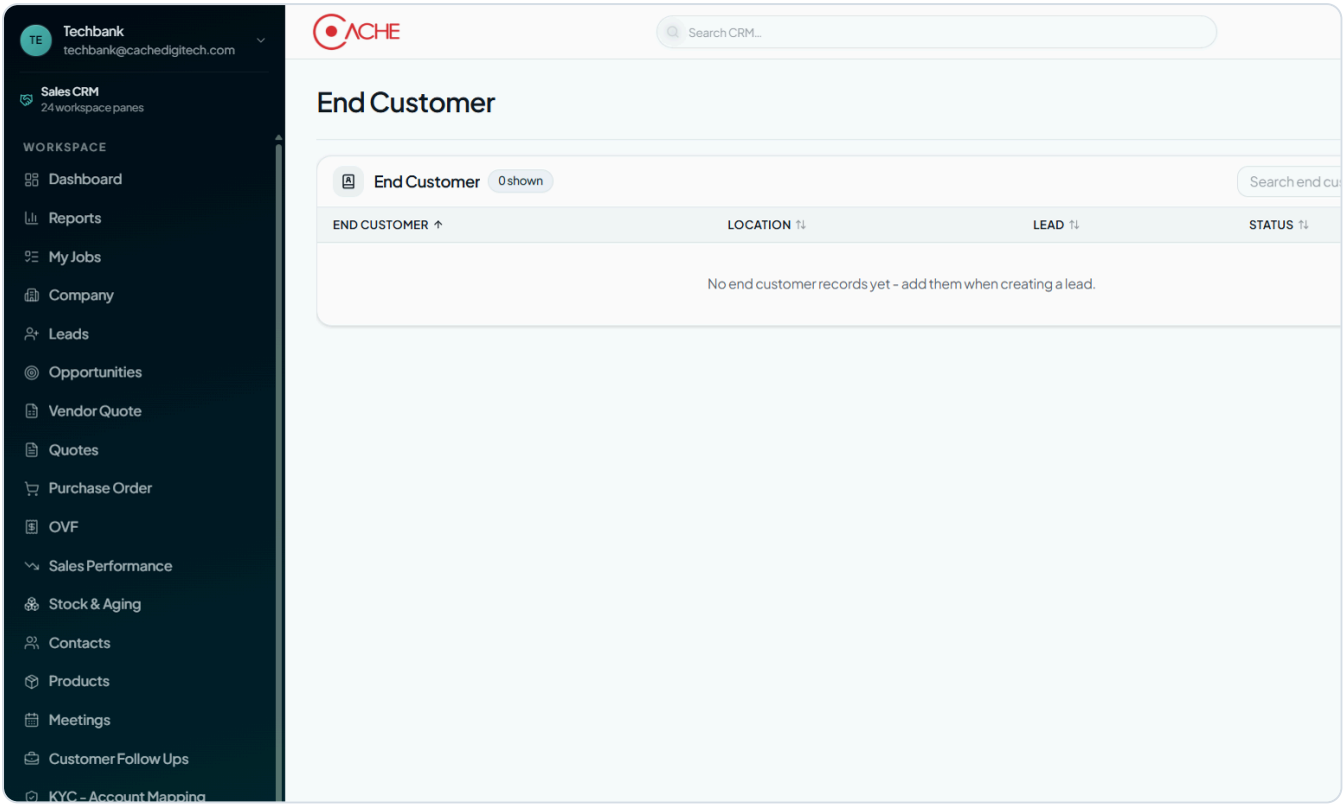

Figure B-23 - End Customer pane.

B.24 Users

Assign Entra users to CRM roles.

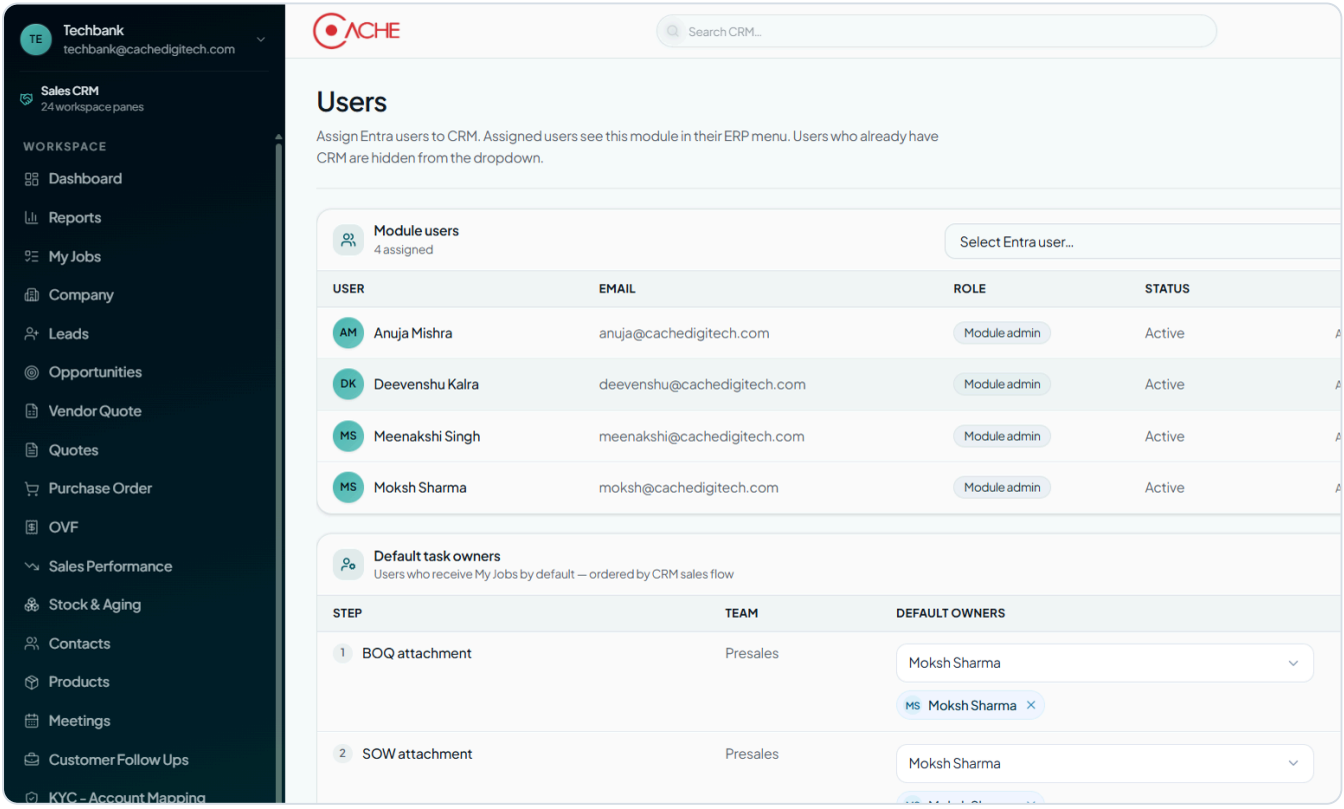

Figure B-24 - Users pane.

Roles and responsibilities

Sales

- Own leads and opportunities
- Attach BOQ/SOW and customer PO
- Send quotes to customers
- Update deal stage through Won

Pre-sales

- Prepare BOQ and SOW in My Jobs
- Map vendor quotes to BOQ lines
- Support quote revisions
- Validate technical scope on OVF

Management

- Approve quotes in My Jobs
- Review pipeline on Dashboard
- Monitor sales performance reports
- Escalate stalled approvals

Finance

- Margin and payment-term approval
- PO value verification
- OVF billing alignment
- Stock aging reviews when needed

Legal

- Contract and SOW compliance
- PO terms review in approval chain
- KYC document checks
- Entity master alignment

Admin

- Assign Entra users on Users
- Maintain products, OEM, distributor
- Configure entities and templates
- Support reporting and exports

Approval touchpoints (typical)

Your tenant may vary approver lists. These are the usual My Jobs checkpoints in the demo story.

STAGE	ACTOR	ACTION IN UI
BOQ / SOW	Pre-sales	My Jobs - attach and submit BOQ then SOW
Customer quote	Selected approver / Admin	My Jobs - Approve quote margin
Customer PO	Finance → Legal → Management	My Jobs - three sequential PO tasks
OVF	Selected approver / Admin	My Jobs - Approve OVF, then Mark Deal Won

Document control - iConnect Plus CRM User Manual v1.0 - HTML generated by `_build_crm_manual.py` .

Regenerate after UI changes: run the build script, refresh screenshots under `assets/screenshots/process/` and `assets/screenshots/sidebar/` , then print to PDF from the HTML source.

Demo IDs: maintain `assets/demo-ids.txt` when live company and DR numbers are assigned.
